MANUFACTURERS VISIT THE ROYAL CITY

League of Nations Plank Not Ready for Chicago Convention

No Indication Yet As to Policy American Republican Party Will Pledge Itself To; Platform Committee is Busy; Convention Addressed by a Woman.

Chicago, June 9.—The Republican National Convention was in session only an hour to-day and devoted itself entirely to routine preliminaries.

The temporary organization was made permanent, the report of the credentials committee was approved with the changes made last night, some of which reversed previous decisions of the National Committee.

For its second day sensation the convention heard a woman speaker, Mrs. Margaret Hill McCarter, of Kansas, the first woman to address a national convention.

The platform committee was not ready to report and only sent word that it was making progress.

Thus the League of Nations plank still was undefined. Members of the sub-committee of thirteen, when they went into session to smooth out the remaining platform troubles, expressed confidence that they could agree but all of them were somewhat hazy on how it was to be done.

Senator Watson of Indiana, head of the sub-committee, maintained that in the end the Indiana plank, with some modifications, would get the support of all Republican elements. Senators Borah of Idaho and McCormick of Illinois thought there would have to be material modifications to pacify the irreconcilables. The mild reservation group also wanted changes made, but in the opposite direction.

Depew Spoke.

Chauncey M. Depew entertained the convention with a brief address and apparently the Convention management had decided to do away with the string of speakers who in previous years have entertained the Convention while the committees were working, for there were no other "entertainment" speakers on hand.

The next session will be at 11 o'clock to-morrow morning.

The rank and file of Convention visitors always likes a lot of music and oratory and this year they are certain to get it.

To End Saturday.

"Saturday noon, at the earliest," is the estimate of leaders when asked adjournment may come.

The delay is more attributable to platform difficulties than to uncertainty over a nomination. The word has gone out to give the radicals every chance to present their views and stop every possibility of a charge of steam rolling, or as some call it, any "excuse for a bolt."

And until the platform is built there will be no one named to stand on it. The fact that more than half of the delegates are uninstructed has added to the list of nominating speeches. There are three or more for some and in a few instances six or more speeches in sight for each candidate. Between these speeches and the platform contests it would not be surprising if the actual nominations of the ticket would be carried over till Saturday.

The reply to inquiries as to "what is in the air" on Vice-President are met with the unanimous response: "Nothing; it depends on who is to put over to head our ticket."

ALBERTA ORANGE LADIES ORGANIZE

Provincial Grand Lodge Organized at Calgary Yesterday Afternoon

Calgary, June 9.—A provincial grand lodge for Alberta of the Ladies' Orange Benevolent Association was organized yesterday afternoon. The ceremonies in connection with the institution were conducted by Mrs. G. Akerley, of St. John, N.B., Grand Mistress of the Grand Lodge of British America, assisted by Mrs. Burrows, of Hamilton, Ont., Deputy Grand Mistress; Mrs. Dan Alton, Associate Deputy Grand Mistress; Mrs. J. Gordon, of Toronto, Grand Secretary; Mrs. J. J. Tulk, of Vancouver, and many others.

The election of officers resulted as follows:

Grand Mistress, Mrs. D. Alton, Edmonton; Deputy Grand Mistress, Mrs. A. Davison, Calgary; Associate Deputy Grand Mistress, Mrs. Prodgers, Cardston; Grand Chaplain, Mrs. Rev. M. L. Wright, Vermilion; Grand Secretary, Mrs. Botsford, Edmonton; Grand Treasurer, Mrs. Johnston, Mannville; Grand Lecturers, Mrs. F. Smirl, Drumheller, and Mrs. Anderson, Calgary.

FOR ANOTHER YEAR.

Vancouver, June 9.—Operation of the Returned Soldiers' Club is to be continued for another year and the club will close February 28, 1921.

FIFTY JAPANESE REPORTED MISSING

Gasoline-laden Junks Caught Fire and Drifted Out to Sea

Kobe, June 9.—(Associated Press)—Fifty Japanese men are missing and shipping interests were seriously damaged as a result of an explosion of gasoline on the steamship Eiraku Maru yesterday. The explosion shook the city like an earthquake.

The vessel was destroyed and the fire spread to a score of gasoline-laden junks, which drifted, blazing, out to sea, the crews shrieking for help. It is believed the loss of life will be very heavy.

ATTEMPT TO KEEP PEOPLE OFF LAND

Bailey Interests to Ask For Injunction to Prevent Use of Pandora Sidewalk

An injunction to restrain the public from walking on a portion of Pandora Avenue sidewalk included in the land involved in the various Bailey law suits will be sought by the Bailey interests immediately, according to information which reached City Solicitor H. S. Pringle this morning.

Triangular.

The strip of land in question is triangular in shape and runs out upon the north sidewalk on Pandora Avenue to a point about six feet from the south edge. Thus, even if the public is refrained from walking upon this strip, there will still be plenty of room on this sidewalk.

At the present time the Bailey and Cameron interests are bringing action against the city to force the Corporation to pay for a mortgage on the whole Bailey land part of which, as noted, extends across the sidewalk. This suit has not progressed far yet, only the statement of claim and the statement of defence having been filed. The city, in answer to the claims of the plaintiffs, assert that the latter were paid in full for the property and that previous suits have estopped further action.

Undecided.

Mr. Pringle, who understands that application for an injunction to prevent use of part of the land by the public will be made to-morrow, has not decided yet whether or not he will oppose the granting of the injunction.

JERICHO BEACH TO BE AIR BOARD'S SEAPLANE STATION

Vancouver, June 9.—Jericho Beach has been selected as the site for the Canada Air Board's Pacific Coast seaplane station. Announcement to this effect has been made by Major C. Maclaurin, D.S.C., the Board's station superintendent, who has been on this coast for some weeks negotiating for a site.

ARBITRATION AS MEANS OF SETTLING TESCHEN PROBLEM

Warsaw, June 9.—Poland and Czecho-Slovakia have agreed to abandon the Teschen plebiscite, according to an announcement here. Instead, the announcement says, it has been decided to refer the question of the disposition of the district to the arbitration of some personality enjoying high moral authority in Europe.

New Labor Arbitration Body In States Proposed

Montreal, June 9.—Recommendation that the workers and employers of the United States create a voluntary arbitration body to settle labor's grievances in the future was placed before the annual convention of the American Federation of Labor here to-day as a remedial proposal to bring about a more harmonious relationship "between the two classes and to relieve the high cost of living."

The resolution, presented by E. Ledgerton, of Syracuse, N.Y., representing the International Union of Steam and Operating Engineers, declares that the establishment of the commission would put an end to the present cycle of wage-advancing and price-boosting, which it "seems like utter folly" to continue.

Should the Federation accept the proposal, the executive council would be instructed to extend an invitation to the associated industries and such other representative bodies of business men as in their judgment are necessary, to meet with them for the purpose of devising ways and means of creating "the voluntary arbitration body."

Must Get Together.

"Labor and capital must get together," said Mr. Edgerton, "if the cost of living is to be reduced. We must voluntarily decide this question for ourselves, as Congress has failed to enact remedial legislation for reconstruction or reduce the high cost of living."

Alexander Howatt, leader of the Kansas mine workers, representing the Kansas State Federation of Labor, introduced a resolution condemning Governor Allen for "his despicable efforts to enslave the working class of Kansas and finally the working class of the United States in prostituting his office as Governor of Kansas to the work of crucifying the working class."

FORMER LT.-GOVERNOR WAS BURIED TO-DAY

Remains of Hon. James Dunsmuir Interred at Ross Bay; Many Attend

The remains of Hon. James Dunsmuir, former Lieutenant-Governor and Premier of British Columbia, were buried this afternoon in the mausoleum at Ross Bay Cemetery, where repose the remains of Hon. Robert Dunsmuir, his father, founder of the family.

Twice recently the cemetery has received the remains of former premiers of this province.

The body was removed from Hatley Park, where a short service was held, to Christ Church Cathedral, where Dean Quainton officiated. A number of pews were reserved for members of the family, and Lieut.-Col. Foster, A. D. C. to the Governor-General of Canada, represented His Excellency. Lieutenant - Governor Prior headed the representatives, of local bodies attending.

Honorary pallbearers were Dr. H. J. Wasson, Dr. E. S. Hasell, Messrs. A. Lindsay, M. Hills, Brian T. Drake, Graham, Lincoln and Burton. The active bearers were Captain Harbell, Captain Scarfe, Messrs. W. Packe, J. Jameson, D. F. Van Masstreet, F. Mann, P. Bugslag, W. J. Neal and Eng.

While the family wish had been for flowers not to be sent, there were quite a number of floral tributes.

743 MEDICAL STUDENTS.

Montreal, June 9.—Students to a total of 743 have been registered in the Medical Faculty of McGill University, this being a record that far exceeds that of any other year in the history of the faculty.

Big Meteor Comes Down Near Town In Oklahoma

Oakmulege, Okla., June 9.—Geologists were expected to examine to-day a huge meteor which fell and burned itself out near here last night after lighting the sky over several southwestern states. Hundreds of persons in Missouri, Kansas and Oklahoma watched the meteor's flight.

Tulsa, Okla., reported that when it passed over that city the meteor appeared to be within a few hundred yards of the earth and that the lower and heavier portion was of a greenish blue color, followed by a long wedge-shaped tail.

C. B. Smith, an astronomer at Muskogee, said he believed the meteor was thrown off from a destroyed planet between Jupiter and Mars, as it appeared to travel from west to east

KIPLING MANUSCRIPT IS PURCHASED FOR $4,000 IN NEW YORK

New York, June 9.—Four thousand dollars was paid yesterday in the Anderson Galleries for the complete original manuscript of the first story in Rudyard Kipling's "Jungle Book" in the author's handwriting.

SEARCH NOW FOR JOHN DOUGHTY

Secretary to Small, Missing Theatrical Man, Last Seen in Toronto

Toronto, June 9.—Where is John Doughty, former private secretary of Ambrose J. Small, millionaire theatrical owner of this city, who has been missing since December 2, 1919, on which date he received and deposited a cheque for $1,000,000 in connection with the sale of his theatrical interests for $1,750,000 to Trans-Canada Theatres, Limited?

Mrs. Ambrose J. Small and the Capital Trust Corporation of Ottawa, who have been given control of Small's estate by the court, hoping for some knowledge as to what has become of Mr. Small, have decided that the question of Mr. Doughty's whereabouts must be answered if possible. Doughty was last seen in Toronto on December 28, 1919.

Efforts to find Doughty are being made.

SEVENTEEN PERSONS KILLED IN STATES

Thirteen Killed in Railway Smash Near Schenectady; Storm Killed Four

Schenectady, N. Y., June 9.—Thirteen persons were killed and twenty-one injured to-day when a train of express cars crashed into the rear end of a passenger train which had stopped about two miles from Schenectady because of engine trouble.

All but one of those killed were asleep in two Pullman car at the rear of the passenger train. The body of Martin Doyle, of Albany, engineer of the express, was found in the wreckage with one hand fast to the throttle.

Disregarded Signals.

A Michigan Central special carrying ten cars of express matter, disregarded signals and went at high speed into a New York Central passenger train, bound from Buffalo to New York, according to the story of C. Robinson, brakeman of the passenger train. He said he waved a red lantern in vain and finally threw it into the cab as the express dashed by.

The Pullman at the rear of the train had twelve passengers and was demolished.

Four Killed.

St. Paul, Minn., June 9.—Four persons were killed one hundred injured and heavy property damages resulted from a severe wind and electrical storm which swept Northern Minnesota and parts of Eastern North Dakota last night, according to reports received here to-day.

Four cars of a Northern Pacific passenger train, westbound from Breckenridge, were blown from the tracks near Foxhome, and about thirty persons injured, several seriously.

The town of Foxhome, Minn., last night reported wiped out, was not harmed, according to advices received to-day

BOLSHEVIKI ARE ATTACKED IN CRIMEA

Leninites Admit Anti-Bolsheviki Gained; Claim Some Ground Retaken

Soviet Leaders Also Admit Retirement on Northern Polish Front

London, June 9. — Anti-Bolshevik forces in the Crimea have begun an offensive movement which is reported from Moscow to have won initial success. The Bolsheviki regained part of the ground lost, however, the Soviet official communication claims.

Forced to Retire.

London, June 9.—Reports that Russian Bolshevik forces fighting on the Northern Polish front had been forced to retire are confirmed in an official statement issued at Moscow yesterday and received here by wireless.

JORDAN RIVER TO HAVE SECOND MINE

Retiring Superintendent of Sunloch Speaks Highly of Gabbro Group Adjoining

The favorable official reports, and the recent purchase of a controlling interest in the Sunloch mine by the Consolidated Mining & Smelting Company had satisfied the public that a real copper mine exists at Jordan River. It is particularly gratifying to learn that the Sunloch stands a good chance of being duplicated by mining development on the adjoining group controlled by the Gabbro Copper Mines, Ltd.

These claims are held by a syndicate of Victoria citizens, and with the Sunloch group apparently represent the mineralized zone in the canyon of the Jordan River. The authority for this optimistic statement is the late mines superintendent, J. A. Hanna, who left Jordan River last week to take up an appointment in the Similkameen for R. H. Stewart, the well-known mining engineer.

Mr. Hanna's development of the Sunloch has been the subject of previous reference in The Times. He was able to say in leaving the property that since operations started the mine has never been shut down by strike, or trouble, in spite of the physical difficulties which have had to be overcome in a rugged rocky country overgrown with dense vegetation. At present the Sunloch tunnels are driven on both sides of the Jordan River, and while it is not the intention, according to Mr. Hanna, to ship ore for some time, the mine will operate with about the same staff throughout the Summer. On the Gabbro Company's claims the ore promises to be as encouraging as on the Sunloch, when development has reached the advanced stage already made on the older property.

"The Sunloch will be a producing mine thirty years hence," said Mr. Hanna, in parting with The Times man. "There is plenty of ore in sight."

PRAIRIE UNIONISTS TO HOLD CAUCUS

Ottawa, June 9.—(Canadian Press)—The marketing of the 1920 crop and natural resources are to be discussed at a meeting of Western members supporting the Government, called for to-morrow.

APPOINTMENTS MADE BY PRESIDENT WILSON

Washington, June 9.—President Wilson to-day made recess appointments of Henry Jones Ford, of New Jersey; Mark W. Potter, of New York, and James Duncan, of Massachusetts, to be members of the Interstate Commerce Commission.

Marston Taylor Bogert, of New York, and Samuel W. McCall, of Massachusetts, were named members of the United States Tariff Commission.

Nicholas Kelley, of New York, was appointed Assistant Secretary of the Treasury.

PEACE CELEBRATION IS BEING PLANNED IN MOOSE JAW

Moose Jaw, June 9.—At a largely-attended meeting of citizens held last night, it was decided to put on a three-day peace celebration and carnival July 19-21 at which the provincial veterans will hold their reunion. The business men are thoroughly in sympathy with the movement and are prepared to put up a guarantee of $5,000 against bad weather.

CHOSEN NEW LEADER OF MANUFACTURERS; J. S. M'KINNON

In the election of officers at the annual convention of the Canadian Manufacturers' Association in Vancouver to-day, J. S. McKinnon, first vice-president for the past year, was elevated to the presidency.

The new Association leader is the president of S. F. McKinnon & Co., Limited, manufacturers of cloaks, suits and skirts, Toronto, and has long played a leading part in Association affairs. A native of Huron County, Ontario, he served his business apprenticeship in his father's dry goods establishment in the village of Blythe. He came to Toronto in 1906 to enter the service of the S. F. McKinnon Co., of which his uncle, the late S. F. McKinnon, was the head. Rising through various positions he attained the presidency in 1916.

Mr. McKinnon is a man of genial personality, popular with his business associates and enjoying the esteem of a wide circle of friends. He has been well to the fore in all patriotic undertakings and has devoted special attention to the subject of technical education, on which he is an authority. He is a forceful speaker with a good knowledge of the important business questions of the day.

ANSWERS QUESTIONS ON WHEAT BOARD

Foster Tells Commons Government Still Considering Renewal of Powers

Ottawa, June 9.—(Canadian Press).—Replying to H. H. Stevens, Vancouver, in the House this afternoon, Sir George Foster said the Government still had under consideration renewal of the powers of the Canada Wheat Board for another year. If it were decided to control the crop during the coming year, legislation would be necessary.

It was the duty of the Canada Wheat Board, Sir George added, to secure the highest possible market price for wheat, having regard to the world market.

Highest Price.

Mr. Stevens: "Has the marketing of the Canadian wheat crop by the Canada Wheat Board resulted in the farmers receiving the highest possible price for wheat in the world market?"

Sir George Foster: "Yes."

Mr. Stevens: "Has the marketing of the Canadian wheat crop by the Canada Wheat Board resulted in lowering the cost of flour to Canadian consumers?"

Sir George Foster: "That is largely a matter of opinion. In order to gave a reasoned judgment, you would have to know what would have been the cost of wheat to the millers and what price would have been charged for flour by the millers if the crop had not been controlled."

NEW GRAND MASTER.

Calgary, June 9.—W. H. G. Armstrong, of Armstrong, was chosen as the new Grand Master of the Grand Black Chapter of Orangemen, British America, at the election of officers here yesterday.

Manufacturers Pay a Visit In a Group to New Westminster

Delegates to Convention Pass Resolutions and Elect Officers in Vancouver and Then Take an Automobile Trip to Royal City; Guests of Board of Trade.

Vancouver, June 9.—The delegates to the convention of the Canadian Manufacturers' Association left here this afternoon for an automobile trip to New Westminster, where they will be guests of the Board of Trade.

Vancouver, June 9.—(Canadian Press)—Immediately following the unanimous and enthusiastic elevation of J. S. McKinnon, Toronto, first vice-president, to the presidency of the Association, the delegates of the Canadian Manufacturers' Association convention at the closing session to-day turned their attention to a series of resolutions dealing with such important matters as imperial preferential tariff, a new Franco-Canadian customs tariff convention, scientific reasearch, improved cable service, opposition to the introduction of the metric system in Canada, arbitrary rates on Vancouver Island lumber shipments to the prairies and country of origin regulations, and amending the business profit tax to deduct debit account from net earnings.

Declaring that as at present enforced the luxury tax was working great detriment to business throughout Canada, a resolution was presented urging earnestly that the Government should give most careful consideration to it, with a view to its amendment, having due regard to the revenue to be derived therefrom before fully enforcing it.

Problems.

It was pointed out that the Government was faced with the problem of collecting the revenue, and both the retailer and consumer were faced with the problem of the natural resentment the customer had against paying taxes.

J. H. Sherrard, of Toronto, who brought out this phase of the question, said there would always be attempts at evasion, both on the part of the retailer and the customer, the general tendency being to avoid, wherever possible, the payment of taxes. If there was one organization that should avoid making negative recommendations, it was the Manufacturers' Association. A constructive body such as theirs should be able to make some recommendation that it was possible to carry out.

A Memorial.

F. W. Stewart, of Montreal, was delighted with the criticism offered, as it coincided with his own view. He thought a memorial of a definite kind could be presented to the Government which would remedy the trouble, and still leave it possible for the Government to collect its necessary revenue.

Without further discussion it was decided to refer the matter to the resolutions committee.

(Concluded on page 4.)

TORONTO SCENE OF NEXT ASSEMBLY

Presbyterian Delegates at Ottawa Switch Over From Vancouver

Ottawa, June 9.—The two important features at the fifteenth session of the Presbyterian General Assembly this morning were reconsideration of the place of meeting for next year, which will be Toronto instead of Vancouver, as formerly decided on, and the passing of a motion which practically does away with the indeterminate terms of pastorate of the Presbyterian ministers. It was decided to send to the Presbyteries for their consideration the motion recommending a seven-year-term for ministers. It was agreed, however, that should there be no application from either the minister or congregation there would be no change.

Lively Scene.

During the discussion on the place of meeting for next year, there was a lively scene when Rev. Dr. Pringle supported a motion that the meeting be in Winnipeg. Professor Welsh, Montreal, alleged that the reason for Dr. Pringle's support was because of the question of organic union, which will come up for discussion at that Assembly. Professor Welsh insisted that Dr. Pringle was in favor of the union, as were also the majority of the members of the Assembly from Western Canada. It was just an attempt to localize the question, he said.

Cost.

The reason given for the reconsideration of the place of meeting was that of economy. It was said that the cost to meet in Vancouver would be $100,000, while the cost if Toronto were decided on, would be $25,000.

Many insinuations were made, however, that the church union question was the real reason for bringing up the question again.

Toronto, Winnipeg, Vancouver and St. John, N. B., were the cities voted on, but Toronto and Winnipeg were more strongly supported and the former was decided on by a vote of 150 to 125.

SAY SILVER PRICE WILL GO UP AGAIN

Nelson, B. C., June 9.—Local mining men, when advised last night of the latest break in silver prices, confessed themselves completely mystified by the course of the market, which they believe is fluctuating under British control. It is firmly held here that the entire decline of recent months is a forced manipulation, that silver is far below its proper value, and that the moment the market is freed silver will go up again.

GOOD INSTRUCTORS GREATEST NEED

L. W. Gill Addresses Manufacturers at Vancouver on Technical Education

Vancouver, June 9.—Addressing the convention of the Canadian Manufacturers' Association here this forenoon on "Technical Education," L. W. Gill, said the policy of establishing joint industrial councils on the principle of the Whitley scheme in the United Kingdom was rapidly growing in favor in Canada, but as yet no organized effort had been made to forward the movement, although eleven joint councils had been established in the Dominion.

The true function of the educational system was to produce citizens of the highest order possible from the raw material, this raw material being the youth of the country.

Best Period.

Tracing the progress of a child through school, he remarked that from the age of fourteen to eighteen was the most favorable period for the real development of the boy, yet ninety per cent of the boys had no guidance whatever at that stage of their lives and they were allowed to drift out into the world quite unfitted for the battle of life.

Under the Technical Education Act the Dominion Government had agreed to pay to the Provinces $1,000,000 a year for ten years on the undertaking of the Provincial Governments to spend dollar for dollar. The great need, of course, was a proper supply of instructors properly equipped and qualified, through experience, for the task of training the boys along the lines of the industry they would like to enter. In this connection it was of the utmost importance that the Provinces should all have the same system of technical training, and the salaries paid the instructors must be greater than the

(Concluded on page 4.)

Pageant of Armada Will Mark Navy League Fete

Gaily decorated booths, a profusion of flowers, music and a throng of smartly dressed people transformed the grey-toned Armory on Bay Street into an animated bazaar this afternoon when at 3 o'clock Mrs. George Bushby opened the fete and pageant which is being held under the auspices of the Navy League to-day and Thursday. Little Master Fred Morris, of the Boys' Naval Brigade, presented Mrs. Bushby with a bouquet as she declared the fete open.

To-night His Honor the Lieutenant-Governor will open the pageant at 8 o'clock when a lavishly arranged pageant of Drake and the Spanish Armada will be presented with a caste of well-known people.

The Armory is effectively decorated for the event with rows of flags and pennants draping the walls of the gallery. Conspicuous is the immense stage erected in the record time of fourteen hours by Mr. Hetherington. The background is arranged in the form of a trellis of roses and ivy under the supervision of Mrs. Hotham, ably assisted by Mrs. Montague Burge, Miss Dring and Miss Long. Many of the parents of the members of the Boys' Naval Brigade also lent valuable aid.

$2,090,163 FOR INDIAN DEPARTMENT

Commons Makes Appropriations For Work; 25,649 Indians in B. C.

Ottawa, June 9.—When the House was in committee on the estimates of the Department of Indian Affairs last night, Hon. Arthur Meighen, stated that the amount paid to Indian Agents in Ontario and Quebec was annually $19,370. In the prairie provinces, it was $136,165. The Indian population of the prairie provinces was 34,348, distributed as follows: Northwest Territories, not including the Yukon, 3,790; Manitoba, 11,935; Saskatchewan, 9,962, and Alberta, 8,682.

Besides this information, questions elicited from the Minister the information that the Indians in Canada were fast becoming self-supporting. On the reserves there was a tendency to stick to the old habits of the race, but they did good work under the tutelage of the Indian Department. Once away from the reserves, Indians usually automatically became good citizens.

S. W. Jacobs, of George Etienne Cartier, asked if the Indians were thoroughly Christianized.

Owes Debt.

Mr. Meighen said the Department was not responsible for that, but he wished to say that the work of the churches had made the work of the Indian Department more economical and of immensely greater benefit to the Indians themselves. Canada owed the churches a debt for their work among the Indians.

The Anglican, Roman Catholic, Methodist and Presbyterian churches principally were involved, and they each had a sphere allotted to them by the Department in which they were working, and did not seek to gain converts from church fields held by other churches.

Votes for the various provinces were then put through, there being $28,300 for Nova Scotia, $19,284 for New Brunswick, $3,225 for Prince Edward Island and $176,050 for British Columbia, where there are 25,649 Indians.

The appropriation of $1,000 for the Yukon, another $128,000 for general expenses and $1,064,415 for education of Indians completed the total of $2,090,163 for the Indian Department. Mr. Meighen said he was satisfied that the Government could not spend more on education.

BIG CROPS LOOKED FOR IN QUEBEC

Quebec, June 9.—(Canadian Press)—Narcisis Savroire, secretary of the Quebec Department of Agriculture, stated here to-day that seeding is practically all completed in this Province and has been done under ideal conditions. The harvest this year probably will be one of the best and one of the most abundant in many years. Some of the pastures have suffered severely from frosts, however, and the lack of snow last Winter.

HAIG CRITICIZES WORKMEN'S UNIONS

London, June 9.—Field Marshal Earl Haig made another outspoken address concerning the attitude of the trades unions toward ex-soldiers at yesterday's meeting of the National Association for the Employment of Ex-Soldiers, declaring that through the obstinacy of some of the unions thousands of the men who had fought for the principles and the very existence of trade unions were denied work.

The Field Marshal stated that nobody asked the trades unions to abandon their principles, but he did ask the unions and the employers to endeavor, even at the risk of some sacrifice, to meet exceptional circumstances by exceptional action.

MRS. J. S. DENNIS DIES IN CALGARY

Calgary, June 9.—Mrs. Dennis, wife of Colonel J. S. Dennis, commissioner of natural resources for the Canadian Pacific Railway, died here last night. She had been a resident of Calgary for a great many years, and had been ailing for some years past.

SEVEN KILLED IN RIOTS IN AUSTRIA

Gratz, Austria, June 8.—Via London, June 9.—Seven persons were killed and thirty wounded to-day when gendarmes fired into crowds which were demonstrating against profiteering in foods.

MEMBERS DISCUSS TAXATION DETAILS

Business Profits Tax Bill Passed by Commons; Income Tax

Ottawa, June 9.—Two of the Government's taxation bills were discussed at some length by the Commons yesterday. They were the Business Profits War Tax Bill and the Income Tax Bill. The former, after criticism, mainly contributed by Quebec members on the Opposition side, passed through committee and was given third reading. The latter was left in committee.

Quebec members took the ground that the Hydro-Electric Commission of Ontario should be subject to business profits tax. It was a discrimination against private-owned companies to exempt it, they said, especially as it was not giving the people light and power any cheaper than the private organizations. On the other side the argument was advanced that provincial or municipal institutions were not making profits for private gain. Surpluses earned were returned to the consumers.

Not For Profit.

Sir Henry Drayton said it was not merely a question of exempting the Ontario Hydro-Electric, but also municipal enterprises all over the Dominion. The Ontario Hydro-Electric was giving service at cost, and not for profit.

J. A. Robb advocated doing away with the tax altogether, on the ground that it was an injury to industry and the country.

In connection with the Income Tax Bill, the Minister of Finance stated that provision had been made for taxing incomes earned in Canada by nationals of other countries, notably of the United States. He felt that men who spent a part of the year in Canada should be taxed for money they earned in this country. The taxation of investments made by citizens of the United Kingdom in Canada was being investigated by a royal commission.

Sending of Amount.

Objection was taken to the clause providing that persons shall send in the amount of their tax with the declaration of their income, Jacques Bureau, Three Rivers, thought this provision unfair. The Government should be responsible for billing the taxpayer.

A comparatively short time at the evening session served to dispose of the amendment to the new Bankruptcy Act, which will go into force by proclamation on the first of next month.

AIR LEAGUE OF BRITISH EMPIRE

London, June 9.—The Air League of the British Empire, which is to educate public opinion concerning the importance of air power, was inaugurated at the Mansion House yesterday, when General Seely said that in 1918 "We were incomparably the best equipped in the air of all nations," but that to-day the position was indeed serious. The State had practically gone out of business, and private industry was at a full stop, whereas in Germany eighteen large firms were preparing for the rapid development of aviation.

The British navy, he said, was not getting the air equipment necessary for the efficiency of the national defences, and was suffering from sloppy control, there being no co-ordination between the army, navy and air services.

HONORED BY KING.

London, June 9.—King George has conferred a knight commandership of the Order of St. Michael and St. George on Major-General William Gorgas, former Surgeon-General of the United States army.

The King took advantage of a visit of inspection at the Millbank Military Hospital to call on the distinguished American at Queen Alexandra's Nursing Home, which is attached to the hospital. In a long talk with General Gorgas the King complimented him on his great achievement in conquering malaria in the Panama Canal zone by medical science.

THIS WOMAN'S MISERY

Ended by Lydia E. Pinkham's Vegetable Compound; Remarkable Recovery of Mrs. Church

Smith Falls, Ont.—"I suffered with falling of my organs, pains around my heart and in bowels and down my legs, neuralgia in my face and head, and that terrible sinking feeling. I felt that I could not live and would fix my house in order every night so there would be no trouble if I dropped off in the night. My husband went to the druggist to get the best remedy he had and he gave him Lydia E. Pinkham's Vegetable Compound. I took six bottles and felt a lot better. I will always recommend the Vegetable Compound, and you can use these facts as a testimonial."—Mrs. J. O. Church, Box 845, Smith Falls, Ont.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffered from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If there are any complications about which you need advice write in confidence to Lydia E. Pinkham Medicine Co., Lynn, Mass.

DECISION ON CHURCH UNION IS DELAYED

Presbyterian General Assembly at Ottawa Merely Re-elects Its Committee

Ottawa, June 9.—The question of organic union between Presbyterians, Methodists and Congregationalists brought out a lively discussion at last evening's session of the Presbyterian Assembly here. The debate hinged upon when the war ended. In a resolution passed at the 1917 session of the Assembly, the vexed question of church union was put over until two years after the war. Rev. Bishop Dickson, Alexander, Man., maintained that the war was over in 1918, and that the question had been presented to the 1920 Assembly in such a manner that it could be definitely disposed of.

He said that the West would not be satisfied with the recommendation presented to the Assembly Monday night, which simply provided that the committee on church union should be re-elected. He moved an amendment that the resolution go farther and instruct the committee to meet committees of Methodists and Congregationalists during the year so they would be able to know the feelings of those denominations and the Assembly take definite action next year. He said the West would not be satisfied with postponing the question further.

Not Opportune.

Rev. Dr. Campbell, Montreal, Clerk of the Assembly, vigorously opposed opening up the controversy at this time. He said the action taken in 1917 had saved the church from going over the precipice and from being rent asunder. The East did not want the question reopened at the present time. "It will begin an agitation which will wreck the unity of the church, and prevent the spiritual movement you have been promoting for the last two years," he said. He claimed that sice the blockade against Germany lasted until January, 1920, the war did not end until then. "The Assembly left the question open for two years to pray over it," he stated.

Out of Order.

The Moderator ruled the resolution out of order, and Mr. Dickson tried to introduce an amendment stating that in the opinion of the Assembly, the matter should be open for discussion next year, and the next Assembly would be competent to deal with the matter, but this was also thrown out, and the original resolution re-electing the committee was adopted.

To Be Divided.

A question of principle was decided by the Assembly during the afternoon.

The question arose in connection with the $5,000,000 collected by the Forward Movement in connection with the church.

The objective of the church in the financial drive was $4,000,000, and before the drive was undertaken, it was announced how the money would be spent.

But, owing to the generosity of the Presbyterian people, $5,000,000 was subscribed, and the question arose as to whether the $1,000,000 surplus would be divided pro rata amongst the causes announced as participants in the $4,000,000 fund, or whether the Assembly had power to spend the extra $1,000,000 in good works, according to the needs of the church.

The matter came up several times, and finally was referred to a committee. Yesterday afternoon the committee in question brought in a recommendation that the extra $1,000,000 should be divided amongst the causes provided for in the $4,000,000 drive, in ratio to the amount these causes already were to receive.

The decision was practically unanimous, although before the committee reported, there were many solutions as to how the extra million should be spent.

Two of the institutions which hoped to participate in the benefits—in fact, the question first came up in regard to these institution—were the Ontario Ladies' College, to the extent of $25,000, and the Westminster College of the West, to the extent of $75,000.

NATURALLY.

"There goes a fellow who chased around for years trying to land a political job."

"Well, what does he do now?"

"Nothing—he's got the job."

A PIMPLY FACE OR POOR COMPLEXION QUICKLY RESTORED

Thousands of young men and women would be handsome and attractive were it not for unsightly pimples, blackheads, and rough uneven skin. Custom seems to recommend lotions and salves, but unfortunately their effect is but temporary. These disfiguring blemishes do not originate in the skin—their birth in every case goes further back, to the blood, which must be cleansed of humors before the pimples depart for good.

A physician who has made a careful study of such cases says that the quickest cure comes from a blood-building medicine like Ferrozone. The minute Ferrozone strikes the blood its good work begins. Poisons and foul matter are expelled. Every trace of humor is driven out, and the whole life current is supplied with nutriment and health giving qualities. You can always tell a Ferrozone complexion when you see it—the cheeks are clear and rosy, no signs of sallowness—the eyes are bright and expressive because rich, red blood is circulating through the whole system carrying health, energy, and strength with it. Not only will all skin eruptions disappear, but an increase in vital strength, an all-round improvement will be apparent. No rebuilding tonic could be more efficient. Get Ferrozone to-day—Good for young and old, for well folks and sick ones, too. 50c. per box, or six boxes for $2.50, at all dealers, or direct by mail from The Catarrhozone Co., Kingston, Ont.

CUSTOMS TARIFF ACT READ THIRD TIME

Ottawa, June 9.—Third reading was given to the Customs Tariff Act in the Commons yesterday afternoon.

At question time Captain G. C. Power, of Quebec, asked whether there was any truth in the report that the Government proposed bringing in new legislation for the control of newsprint paper.

Sir Robert Borden replied that any announcement on that matter would be made in due course.

D. A. Lafortune, Jacques Cartier caused some amusement by asking whether it was the intention of the Government to increase the salaries of Cabinet Ministers, members of Parliament and judges. He considered the question an urgent one.

The Prime Minister, replying in French, the language used by Mr. Lafortune in putting the question, said that he did not consider the matter urgent.

MANY EX-SOLDIERS ARE WORKING FARMS

Vancouver, June 9.—British Columbia ranks fourth among the provinces in respect of the number of qualification certificates issued by the Soldier Settlement Board for settlers, according to statistics complete to May 8. Alberta, with 10,453 successful appdicants, leads the Dominion; Saskatchewan and Manitoba follow in the order named, after which comes this province with 4,667, over 1,000 greater than Ontario. The total number of certificates approved up to May 8 was 38,157 and the number of loans approved was 24,895.

The total amount issued in loans to the same date was $64,585,098, and the average loan was for $3,945. Land purchase was the object of $54,295,000 of the loans, the balance being for mortgages, improvements and equipment.

CONTINUANCE OF CAPITULATIONS URGED

Smyrna, June 8.—Via London, June 9—Representatives of the British French, Italian and American Governments have protested to the Allied High Commissioners at Constantinople against the proposed abrogation by Greece of the capitulations or extra-territorial privileges enjoyed by people of the Western powers in the Smyrna district.

The protest declares this action would give such an advantage to neutrals not bound by the peace treaty that business men of the signatory powers would be forced out of Smyrna.

WATT RESIGNS FROM AUSTRALIAN CABINET

London, June 9.—W. A. Watt, Treasurer of the Australian Commonwealth, has resigned as a result of telegrams exchanged between him and Premier Hughes of Australia.

The messages have been taken as an indication that Mr. Watt was in conflict with his Cabinet colleagues on issues connected with his recent mission to London.

CARUSO'S HOME IS ROBBED OF JEWELS

Easthampton, N.Y., June 9.—The country home of Enrico Caruso, tenor, here, was burglarized yesterday afternoon and jewels valued at $500,000 were stolen, the police reported. The stolen jewels included a diamond necklace valued at $75,000.

WHAT THEY GOT.

"Burglars broke into our house the other day."

"Did they get much?"

"I'll say so. Three quarts."

INSTANT POSTUM

quickly becomes a household favorite because of its pleasing flavor, ease of making, economy and lack of waste.

When tea or coffee drinkers

find disturbance to nerves or digestion, it's time to make a change and give Postum a trial.

TARIFF MATTERS WERE CONSIDERED

S. R. Parsons, Montreal, a Speaker at Manufacturers' Convention in Vancouver

Vancouver, June 9.—At the afternoon session of the Canadian Manufacturers' Association convention here yesterday the tariff report was read by J. R. K. Bristol, Toronto.

S. R. Parsons, Montreal, in moving its adoption, declared that the manufacturers were not pirates, nor were they robbers. All they wanted was a national revenue and employment for Canadian workmen. He said the report answered in detail what had been said against the manufacturers and the tariff.

It was not true, as had been stated, he asserted, that the war tax had been imposed at the instigation of the manufacturers, but the manufacturers had accepted it, as they always accepted Government pronouncements, as patriotic citizens should. The charge that the manufacturers were opposed to removal of the war tax also was untrue, he said. Some of them had suffered a loss as a result of that impost.

S. R. PARSONS

One of the Past Presidents of the Canadian Manufacturers' Association

Mr. Parsons' business association is with the British-American Oil Company, Toronto, of which he is president. His interests, however, are much broader, for he has taken for some years a prominent part in economic and sociological affairs. Born in Port Hope, Ontario, he went West as a young man and engaged in the wholesale stationery business in Winnipeg for a number of years, becoming president of the Consolidated Stationery Co., Limited. He established his present business in 1906. His interest in the work of the Canadian Manufacturers' Association has been long and continuous, culminating his election to the presidency in 1917. Last Fall he was the Canadian employers' representative at the great International Labor Conference at Washington, in the work of which he took a distinguished part.

Must Raise Revenue.

It was a false view that, if the tariff were removed commodities would be cheaper. Revenue had to be secured, he declared, and if not secured in the form of duties, then it must come through other channels.

The farmers of this country had not paid 1 per cent. of the income tax, said Mr. Parsons. If, therefore, there were a removal of the customs duties, the farmers would have little to pay, but he was sure this was not what was wanted by the farmers, but that they were willing to bear their fair share.

The vast majority of manufacturers were making but a very reasonable return.

J. O. Thom, Winnipeg, said his firm was manufacturing in Toronto and Winnipeg and it had to pay 50 per cent. more on raw materials than it did before the war.

The commercial intelligence and transportation committee reports were read and adopted.

The report of the business manager also was read at a private session.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, June 9.—5 a. m.—The barometer is rising over this Province and fair, warmer weather is becoming general. Rain has fallen in most parts of the prairie provinces.

Applied After Shaving

Keeps the Skin Soft and Smooth

MANY men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly.

By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and such ailments as Barber's Itch and Eczema are cured.

50 cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

Dr. Chase's Ointment

ON EXECUTIVE OF THE MANUFACTURERS' BODY; J. H. SHERRARD

Among those elected to the Executive Council of the Canadian Manufacturers' Association at its annual convention in Vancouver to-day is J. H. Sherrard, a past president of the association.

Mr. Sherrard is now head of the new firm of Simmons, Limited, Montreal, which is associated with the Simmons Company, of Kenosha, Wisconsin. The company succeeds the Alaska Bedding Company and three other companies in the same line of business, and operates plants in Montreal, Toronto, Winnipeg, Calgary and Vancouver. Mr. Sherrard is a native of New Brunswick, entering the employ of the Alaska Feather & Down Co. as a young man. He became actively associated with the C. M. A. in 1906 and rose to the presidency in 1915.

Faint and Dizzy Spells

Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women becomes run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: 'I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

COMPENSATION.

Lady Busybody—Aren't you dissatisfied with your work? It must be a risky job catching rats.

Rat Catcher—Yes, but it has its advantages. It is the only job that women are not likely to try to take from me.

STREET CLEANERS SUPPLANT BEGGARS

New Conditions Prevail Now in Jerusalem Through Organization

New York, June 9.—Street cleaners have supplanted street beggars in Jerusalem under the guiding hand of American Jewish relief workers.

Paying for labor instead of idleness, providing employment for jobless and penniless men, women and children, teaching useful trades and providing small loans to rehabilitate ruined industries, is the way in which relief is now being administrated in Palestine, according to a report made public to-day by the Joint Distribution Committee, which disburses funds of the American Jewish Relief Committee and its allied bodies.

"We are trying now by determined effort to encourage self-help and to bring about eventually independence among those to whom American funds are giving relief," the report reads.

"We are substituting for the mere giving of bread and clothing—loans to artisans, workmen, tradesmen, teachers, employers, laborers, property owners, to practically all classes of society. These loans are made without interest and we consider them as relief work without any taint of charity. They enable the borrower to help himself to rehabilitate his business or to establish himself as a breadwinner.

"Even the sum of 20 lira has meant a great deal to the families, who, by it, were enabled to hold out and become self-supporting. The loans are repaid only after the borrower has solved his present needs and has found a way to provide for the future."

Vocational education, not only to supply present labor needs, but with a view toward the future industrial life of Palestine, especially in the training of women and girls in specialized employment fields, has been introduced to allay present misery in the Holy Land.

"Considering the purpose of constructive relief, there can be no more satisfactory kind of help than that of creating for the workers opportunities for employment, giving them wages instead of charity," it continues.

"We pay for labor instead of for idleness and thereby help to teach the poverty-stricken Palestinians the necessity and dignity of labor. On construction work especially we are having employment for hundreds of people. We take the ordinary unemployable man and find something for him to do, paying him a few piasters a day for street cleaning instead of street begging."

WINNIPEG CHURCHES NEED MORE ROOM

Winnipeg, June 9.—Methodism in Winnipeg is facing a crisis as a result of poor accommodation and equipment and lack of a comprehensive extension scheme. Rev. Dr. J. H. Riddell, of Wesley College, declared at the quarterly meeting held yesterday.

Only three Methodist churches in the city had plants and facilities adequate for their needs, Dr. J. E. Hughson, of Grace Church, told the meeting.

A VICE-PRESIDENT OF MANUFACTURERS' BODY; J. R. SHAW

John R. Shaw, who was chairman of the Ontario Division of the Canadian Manufacturers' Association, was elected second vice-president of the association at the convention in Vancouver to-day.

Mr. Shaw is an example of a lawyer who has found a good field for effort in industrial life. Back in the early nineties, after his graduation, Mr. Shaw became solicitor for the Furniture Association. This brought him into close touch with the furniture manufacturing industry and showed him its possibilities. As a result, very largely through his efforts, an amalgamation was effected in 1899 of a large number of companies in Western Ontario, the resultant merger being known as the Canada Furniture Manufacturers, Limited, of which Mr. Shaw became vice-president and managing-director. He is to-day an outstanding figure in this industry.

ALMOST A CRIME.

"You shouldn't say this young couple committed matrimony."

"Why not?"

"It isn't good taste. You talk as if they had done something wrong."

"They have. When a young man who isn't earning over $25 a week marries a girl who can't boil water and thinks that when she charges a hat to father it never has to be paid for, in my opinion they have committed matrimony."—Birmingham Age-Herald.

"THE FASHION CENTRE"

BURBERRY COATS — *Angus Campbell & Co. Ltd.* — HOLEPROOF HOSIERY

Store Hours—9 a.m. to 6 p.m. Wednesday 1 p.m.

A Showing of Tricolette Silk Blouses

How very simple they are in line, yet how distinctive and smart. Both the richly embroidered models, those almost severely plain will please women of fastidious tastes. They all have short kimona sleeves. Choice of navy, taupe, pink and saxe.

Women's High-Grade Coats Reduced to $49.75

These repriced Coats for women and misses are indeed wonderful value. The styles, the fabrics and the colors are all that could be desired. Some are half silk lined, while others are lined throughout with plain satin and fancy silks. Prudent shoppers will make an early selection. All reduced to **$49.75**

Sale of Wool Jersey Suits at $39.75

Continues To-morrow

Continuing to-morrow this very special offering of women's and misses' smart sports suits of fine quality wool jersey, in all the most wanted shades. All are greatly underpriced at **$39.75**

"Holeproof" Silk Hose $2.50 Pair

Announcing the arrival of a large shipment of Holeproof Silk Hose, in shades of black, white, tan, navy, champagne, pearl, gunmetal and brown. With ribbed tops. Sizes 8½ to 10.

Dainty Lace Vests At $2.25 to $5.25

Featuring a very interesting display of dainty Lace Vests and Vestees, with and without collars, so much in vogue for present wear with the new suits. Inspection invited.

New Marabou Capes and Stoles

As long as women appreciate how soft and flattering is Marabou about the face their vogue will increase. Capes and stoles are favored, in black, natural and taupe. Priced at **$17.50** to **$30.00**

Lucile

Out of this season's bewildering dictates of Fashion, one thought stands clear—you must appear natural.

Uncorseted? No! Emphatically No! Certainly frocks and suits never more definitely demanded the foundation of a clever corset. When Paris says you should look "uncorseted," Paris means you should wear a corset so deftly designed to be a part of yourself that it merely accents the natural beauty of your figure and the most critical observer will not be able to trace your charm to its subtle support.

LUCILE, LTD.

Manager

THERE is not the woman but will be interested in what the world-famed House of Lucile has to say about corsets.

There is not the woman but will appreciate the specialized service of our corset department; a service that offers you selection from an all-comprehensive stock of the unequalled

GOSSARD

Front Lacing

CORSETS

and the careful attention of expert corsetieres who will take a personal pride in your satisfaction.

Gossard Brassieres

Gossard Brassieres fit with the incomparable comfort and smoothness that characterize Gossard Corsets, and like Gossard Corsets are designed for the needs of every figure type. They are a recognized necessity in the wardrobe of every well-dressed woman. Priced at **75¢** to **$5.00**

VANCOUVER ISLAND NEWS

Cumberland Social.

Cumberland: A packed house next Wednesday evening should reward the efforts of those responsible for the programme of the concert to be held in the Ilo-Ilo Theatre in aid of the Building Fund of the Great War Veterans' Memorial Hall. Many local artisas have promised their assistance, among whom are Mrs. R. E. Frost, Mrs. F. Oliver, Mrs. A. C. Lymn, Miss A. Leslie, Howard Macauley, W. G. Hassell, W. Carr, W. A. Owen, C. Graham, P. Monte and several selections by the Cumberland City Band. Charles Graham, who will be chairman, will give a short address at the opening of the concert.

Licensing Gypsies?

Nanaimo: Mayor Busby having raised the question of issuing licenses to such parties as the gypsy fortune tellers who have been infesting the city for the past month, the legislative committee was asked to report on methods of prevention at Monday's meeting of the Council.

Degree For Principal.

Nanaimo: R. H. Manzer, for the past ten year principal of Nanaimo High School, has been granted his Master of Arts degree from his Alma Mater, the University of Toronto. The thesis submitted was upon the early history of British Columbia and was highly commended by the examiners for its evidences of research. Mr. Manzer has been principal of Ladysmith and Nanaimo Public Schools and saw service overseas in the Forestry branch of the service.

Car Ignited.

Nanaimo: A car owned by Rex Cooper was destroyed by fire Sunday afternoon at a point on the Nanaimo River road one hundred yards west of the river bridge, Mr. Cooper managing to save three tires, the engine and a few accessories, but his loss will amount to nearly a thousand dollars as he had no insurance on the car. Mr. Cooper is at a loss to account for the cause of the fire. He was on his way home from Victoria and had reached the Nanaimo River bridge when his car stalled for want of gas. As he had fourteen gallons in the tank when he left Victoria, one of the feed pipes must have sprang a leak on the road, with the result that the material about the engine became saturated with gasoline which was ignited by the heated pipes. When the car sprang afire Mr. Cooper was helpless to combat the flames, there being no water or loose earth at hand to throw on the blaze in its incipient stages.

TWO MEN KILLED AT QUEBEC MINE

Ottawa, June 9.—The Blackburn Mica Mine in North Templeton Township, in the Gatineau Valley, owned by Russell Blackburn, Ottawa, was the scene of a fatality on Monday night, when two of the employees, Arthur and Armand Bouillaine, half-brothers, residents of Perkins Mills, lost their lives through being gassed by powder fumes. The two men were employed as drillers and blasters.

It is believed, in view of the fact that six of the drill holes were found not to have been blown, that the two, after setting off a number of blasts, went back to the pit to fire the others before the gas had been given sufficient time to escape, with the result that they were asphyxiated.

To France, Belgium, Greece, etc. .....$1.00 per month

MR. MARPOLE DEAD.

The narrowing circle of those who were associated with the construction of the Canadian Pacific Railway and since then have been connected with its direction lost a prominent member yesterday through the death of Richard Marpole, the company's executive assistant in British Columbia. Mr. Marpole was a railroad man of more than fifty years' experience, entering the service of one of the British companies upon leaving school. He became connected with the Canadian Pacific Railway Company in 1881 becoming in turn contractor, assistant manager of construction, superintendent of construction during what may be termed the construction era of the system and afterwards assuming important positions in the operating service. Twenty-three years ago he became general superintendent of the Pacific Division, retiring from that position to become executive assistant for this Province. He was a man of marked energy and ability and was favorably known throughout the great system for his capacity as an executive and organizer. By his death the pioneer transcontinental system loses a tried and trusted officer who gave the greater part of his life to its service while Canadian transportation circles generally have lost a conspicuous figure.

KRASSIN STILL IN LONDON.

Although he did not disclose any of the details dealt with at Monday's conference with the Soviet Commissar the British Prime Minister told the House of Commons yesterday that there existed an absolute need to include Russia in the world's reconstruction programme. He emphasized the impossibility of fighting and crushing Bolshevism without the corollary of a stupendous death toll and an addition to the national debt of thousands of millions.

Mr. Lloyd George is not an amateur when it comes to the exercise of clairvoyant powers. From Gregory Krassin he has without a doubt learned a good deal of the conditions in Russia to which he was a stranger before the Bolshevik envoy came to London. It is to be supposed, at the same time, that some of the information conveyed to him would be absorbed with a grain of salt. Nevertheless it may be taken for granted that the Premier is seized with the importance of peace with Russia. He very probably realizes that there is no longer any possibility of resisting Bolshevik usurpation of power in that unhappy country, unless the long inarticulate voice of the people succeeds in loosening the gag which Lenine and Trotzky have so effectively applied.

In the meantime, therefore, it is to be hoped that Great Britain's eventual trade relationship with Soviet Russia will obtain the support, assistance, and co-operation of France. For it is difficult to understand exactly how the spread of Bolshevism is to be prevented unless the broken fortunes of Russia are restored along similar lines to those which the new Triple Alliance may be expected to formulate at Spa. Nor must it be forgotten, in the absence of a helping hand from the United States, that Europe will have to depend upon the integrity and imagination of those who direct the policy of Britain and France.

WHEN DID THE WAR END?

The question of when the war came to an end has been agitating the Presbyterian Assembly in connection with the discussion of organic union between Presbyterians, Methodists and Congregationalists. When the subject came before the Assembly in 1917 it was deferred until two years after the war. The question of whether that period has expired or not caused considerable difference of opinion at yesterday's session.

The war between Great Britain, France and Germany did not come to an end technically until last January 10, when the treaty ratifications were finally exchanged between those three powers. The war between Great Britain, France and Austria also is at an end, and Hungary's signature was attached to the treaty presented to her by the Allies a few days ago, and this instrument no doubt will be duly ratified shortly. The treaty with Bulgaria awaits ratification. The treaty with Turkey has not been signed.

Hence, what is known as the Great War is only officially at an end in respect of Germany and Austria as far as Great Britain, France and Italy are concerned. As far as the United States is concerned the war with Germany and Austria still technically exists, and will continue to exist until a new Government at Washington discovers a way out.

AT THE CONVENTION.

At Republican and Democratic nomination conventions across the line each state is allowed two delegates for every representative it has in the Senate and House of Representatives, with the exception that the Republicans allow only one delegate for Congressional Districts where the vote is less than 75,000. This accounts for the difference between the number of delegates at the party conventions, the Republicans having 984 and the Democrats 1,014. The delegates may be instructed or uninstructed and may vote as units or as individuals.

The number of uninstructed delegates to the convention in Chicago is unusually large, which explains the atmosphere of uncertainty which, press correspondents say, surrounds the gathering. There is no single outstanding figure to give the lead to these delegates who comprise probably two-thirds of the total, and it is expected that the first ballot or two will contain perhaps a score of names, with the prospect of a deadlock developing between Wood, Johnson and Lowden. Should that kind of a situation arise the upshot almost certainly would be the nomination of one of the so-called "dark horses."

A bare majority of the total is sufficient to nominate in the Republican convention, while at the Democratic convention the successful candidate must poll two-thirds of the votes, a condition which, it will be recalled, brought about the nomination of Woodrow Wilson instead of Champ Clark, who, in the first ballots obtained a clear majority but was unable to get the required two-thirds.

BELOW EXPECTATIONS.

It will have been patent to those who have followed the proceedings of the British House of Commons since the present session of Parliament commenced in February that Mr. Asquith's return to Westminster has been somewhat disappointing. The manner in which he conducted his campaign at Paisley encouraged the belief that his re-entry into the more active political field would have been marked by constructive and vigorous leadership.

A palpable inclination to revert too much to traditional lines, however, and his failure in many respects to adapt himself—as far as his political creed would permit—to the new conditions which have grown out of the war have estranged the sympathies of a large part of the general public which had expected a good deal more from one whose administrative ability still goes unchallenged.

It was not good policy, for instance, for Mr. Asquith to refuse to accept the opportunity which Mr. Lloyd George seized upon immediately his predecessor in office had taken his seat in the House of outlining his political programme to the Coalition Liberals. The ex-Prime Minister declined and reserved his thunder for the more congenial atmosphere of the National Liberal Club. It was a tactical blunder. No loss of political caste would have resulted from his presence at the now famous gathering. Nor need he have committed himself. On the other hand it would have been an opportunity for plain speech and the country would have thought better of him if he had put in an appearance.

But ever since his return Mr. Asquith has been studiously careful to avoid being committed to any policy likely to be provocative of controversy, and his chief accomplishment up to the present has been to dampen the ardor of the younger and moree eager members of his own small following in the House. In other words he has yet to discover the futility of any programme which interprets present day politics in terms of pre-war-day personalities.

OTHER NEWSPAPERS' VIEWS

GREATER SUPPLY, HIGHER PRICES.

(The Boston Transcript.)

Government statistics, printed to-day, show that thus far this year Maine has shipped 5,067 more carloads of potatoes than in the same period last year. Is this increase alone sufficient to account for the famine prices of potatoes?

NEWSPAPER ADVERTISING

(The Louisville Courier-Journal)

If a thrifty man could buy for one cent a pair of socks that could not be produced for $1.00 he might not jump at the chance if the socks carried advertising and low shoes were compulsory. But the advertising in a newspaper which makes it possible to sell for a trifle an article produced at great cost, adds materially to its interest and actual value. It is a service to the buyer. A newspaper without advertising—an ideal of some impractical persons—would not be valued as highly, and as widely, as a newspaper publishing advertisements. Its circulation would not be as large, because its service would not be as broad.

THAT BATHING SUIT IS NO JOKE

("Seen on the Side" in The Richmond Times-Dispatch.)

It is time for us to strike the Jester's Lute and play a tune about that bathing suit—the one he sent her and she was so surprised when she opened the envelope. We should tell you about the bathing suit sent by mail, and she couldn't find it anywhere until she took off the stamp, and there it was! We might mention the girl who was puzzled because she didn't know whether to wear her bathing suit or stick it on her chin like a beauty spot. Yep, it is time to pull the bathing suit jokes. But do you know, we haven't the heart? Somehow or other, at prevailing prices for feminine foibles, that bathing suit is no joke! Therefore, we refrain. Let some other loon play the clown for the Summer girl.

NOTHING TOO GOOD FOR HIM

(The Exchange)

"Ah," sighed the convalescent soldier at a base hospital, "what wouldn't I give for one breath of my native air!"

"Where d'you come from?" asked an ambulance driver.

"Frae Aberdeen."

"Aberdeen, eh? I came down from there before crossing. Wait a moment and I'll see what I can do for you."

A little later there was a noise of throbbing engines, and a powerful motor car drew up before the veranda where the soldiers were sitting.

"Now, then," said the obliging driver, "bend down to this wheel, while I unscrew the valve of this back tire. I pumped it up in Aberdeen before I left. Put yer mouth right over it and take a good sup when I let her go!"

MANUFACTURERS PAY A VISIT IN A GROUP TO NEW WESTMINSTER

(Continued from page 1.)

B. C. Division.

After the opening of the session this forenoon the by-laws were amended, the name of the Pacific Coast Division being changed to British Columbia Division.

Officers Elected.

Then the election of officers was proceeded with, resulting as follows: President, J. S. McKinnon, Toronto; first vice-president, W. S. Fisher, St John, N.B.; second vice-president, John R. Shaw, Woodstock, Ont.; treasurer, Thomas Roden, Toronto.

Executive Council—Thomas Cantley, New Glasgow, N.S.; J. H. Sherrard, Montreal; E. G. Henderson, Windsor, Ont.; Robert Hobson, Hamilton, Ont.; P. W. Ellis, Toronto; C. A. Birge, Hamilton; H. Cockshutt, Brantford; J. F. Ellis, Toronto; Nathaniel Curry, Montreal.

It was announced that owing to ill-health J. F. Ellis, treasurer, and a past president of the organization, was not a candidate for re-election. It was unanimously decided to elect him a life member of the Association.

Responsibility.

The new president, J. S. McKinnon, told the delegates that he keenly felt the responsibility placed upon him. He assured the retiring president of the regard and affection of every member of the organization. The Association had had many excellent presidents, but none had better earned the esteem of his fellow-members than T. P. Howard.

On the motion of J. B. Thomson, a hearty and sincere vote of thanks was accorded to Mr. Howard.

Tariff Board.

The first resolution presented at the session to-day urged the Dominion Government to appoint a permanent tariff board, acting in an advisory capacity to the Government, to make a special study of the Canadian customs tariff and the tariffs of other countries with whose products Canadian producers are forced to compete.

There are no discussion and the resolution was carried without opposition

Other Resolutions.

Other resolutions presented by the resolutions committee were adopted as follows:

Petitioning the Dominion Government to use its influence in hastening adoption throughout the Empire of substantial customs preferences for Empire products, favoring negotiation of a new Franco-Canadian customs tariff convention as soon as conditions are opportune, scientific research through a National Research Institute, which was passed with the suggestion that $500,000 be appropriated by Parliament for purchase of a site, construtcion and equipment, with $50,000 to cover salaries and maintenance.

Through a further resolution the executive council was requested to take the necessary steps to ascertain what can be done to improve the cable service from Canada to various countries and to co-operate with the Government and commercial organizations in conducting such inbestigation.

No Change.

Determination was expressed in another resolution to oppose any attempt to substitute the metric system of weights and measures for the system in present use in Canada.

Another resolution instructed the executive council to investigate the differential charge of 1½ cents extra freight on lumber products shipped from Vancouver Island points above Vancouver rates, and to endeavor to secure relief.

Commissioners.

A request was made to the Department of Trade and Commerce to provide trade commissioners at the earliest possible moment with the proper facilities for the proper display of exhibits of such Canadian manufactured goods as there might be a market for in the various countries to which trade commissioners are appointed.

Another resolution requests the Canadian Government to supplement the present declaration of country of origin which accompanies all imports by the requirement that such imports, particularly of manufactured goods, be marked, or have affixed to them in an unmistakable manner an indication to the ultimate consumer of the country in which they were manufactured.

Profits Tax.

The resolution passed on the Business Profits Tax urges amendment to provide that debit balances to profit and loss account shall be deducted from net earnings for the period, and only the remainder shall be taxable.

Votes of thanks were tendered to the mayors of Western Canada cities for their cordial receptions and entertainment arrangements, to the Canadian Press, Limited, for careful distribution of convention reports, and to the press of Manitoba, Saskatchewan, Alberta and British Columbia for valuable information published in regard to Association and industrial development generally.

PAGEANT OF ARMADA WILL MARK NAVY LEAGUE FETE

(Continued from page 1.)

Adding greatly to the attractive appearance of the hall are the dainty tea-tables decorated in blue and gold flowers by Mrs. Curtis Sampson and Mrs. Shallcross. The booths arranged on either side of the hall are charmingly arranged to display their attractive wares. Home-made candy in boxes designed by those in charge of the stall is being sold at a booth decorated with sweet-smelling honeysuckle. In charge are Miss Jean Tolmie and Miss Kitty Fraser, assisted by the Misses Margoret Scott, Josie Day and Carold Tolmie.

Some of the Stalls.

Mrs. Hyndman has charge of a lovely flower stall where she is assisted by Miss Pooley, Miss Belson, Miss Vivien Matson, the Misses Macdonald, Miss Wolfenden, Miss Cecily Simminds and others. Mrs. Marchant, convener and parents of the boys of the Naval Brigade sells pretty garments for badies at a dainty stall decorated in tones of pink. Mrs. Bloomfield has charge of the fancy work stall, and Mrs. Slingsby presides at an interesting booth of Oriental antiques.

The sketching gallery, where Mrs. Shaw is in charge, is a great attraction and where silhouettes and sketches from life are made. Mrs. McMicking, Mrs. McClure and Mr. Semain are in charge. Mrs. Mortimer Appleby has charge of a wheel of fortune which was much in demand. The Navy League Chapter, I. O. D. E., with Mrs. Weston in charge, is conducting a sale of light refreshments.

A feature much appreciated by the younger of the patrons, and also by their elders, is the children's room, where diversions of all kinds serve to occupy the little ones, while their parents enjoy the bazaar. Bran pies, rocking horses, and other amusements provide them with ample entertainment.

The programme this afternoon included music by Mr. Findler's orchestra of ex-service men, and Welsh dances by the Misses Barbara Lloyd Young and Viva Brown, a Highland dance by Miss Mary Finlayson, and a boxing exhibition given with vim by the Boys' Naval Brigade.

Fancy Dress Ball.

On Thursday afternoon the programme will be repeated and the second performance of the pageant will take place early in the evening, after which the fete will close with a grand fancy dress ball.

Among those who were busy at the Drill Hall this morning making final arrangements were George Bushby Mr. Rayner, organizing secretary of the Navy League; Capt. Slingsby, Mr. and Mrs. Churchill, and Mr. and Mrs. Morris.

GOOD INSTRUCTORS GREATEST NEED

(Continued from page 1.)

maximum they could earn in productive work.

Must Fit On.

Vocational training must fit on to the present educational system, the apprenticeship system having been found to be no longer effective.

After dealing with several phases of technical training, Professor Gill said the co-operative system could be worked out to completeness only in large centres, where there must be a sufficient amount of diversity of work to enable pupils to find employment in their chosen vocation.

NITTI CABINET IN ITALY GIVES IN RESIGNATION

Rome, June 9.—Premier Nitti announced in the Chamber to-day that the Cabinet had resigned.

SILVER CAMP IS THREATENED BY FIRE

News From Gowganda, Ontario, Tells of Advance of Flames

Colbalt, Ont., June 9.—From Gowganda news has come of a menacing forest fire which is threatening the new silver camp. It has approached the Bonsall mine. The O'Brien power transmission line has been burned and Wigwam is threatened, along with the big sawmill there.

Timmins and Porcupine are not threatened.

At Boston Creek.

For three days and three nights, practically without sleep, the men, women and children of Boston Creek battled to save their town from a terrific forest fire which swept down upon it. They battled successfully but in the meantime all communication with the town was cut off and there were many who feared that the town had been wiped out. However late yesterday word that the town was safe was received through the mails.

MAN ACCIDENTALLY SHOT AT MONTREAL

Montreal, June 9.—(Canadian Press)—Howard Faircloug, twenty-three years old, third engineer on the Elder-Dempster liner Melrose, was shot and killed last night at Dominion Park by the accidental discharge in the shooting gallery of a rifle held by the third officer of the Melrose, James Gibson, twenty-eight years old. Gibson was practising at the gallery and turned to speak to Faircloug, when the gun went off, the bullet striking the victim in the back of the head. He died in fifteen minutes.

GAS ELECTRIC CARS NOW ON P. G. E. LINE

Were Familiar Objects on Abandoned V. & S. Railway

Satisfactory tests have been made with the gas electric car recently purchased by the Pacific Great Eastern Railway from the Great Northern for use on the Province-owned system.

The car in question originally was used on the Victoria and Sidney run, and its transference to the Province was effected for a consideration of $32,000.

Inspector of Equipment Rae superintended the test which took place over the 120-mile main line run from Squamish to Lillooet. The average speed maintained for the return journey of 240 miles was twenty miles per hour, including all stops.

Using distillate at seventeen cents per gallon, the cost involved was not more than eight and a half cents per mile for the complete journey.

The Province now owns both the old Victoria and Sidney cars, the latter acquisition possessing a carrying capacity of eighty persons, including baggage.

PAYS TRIBUTE TO HIS FORMER CHIEF

"He was an ideal man for the general executive position in the company," for the British Columbia division." H. E. Beasley, general superintendent of the Esquimalt and Nanaimo Railway, declared yesterday in speaking of the late Richard Marpole, one of the most prominent figures in the history of the C. P. R. in the West. Mr. Beasley is well able to speak of Mr. Marpole, having been his secretary in the early days of construction. "This section was far from the general headquarters, and problems confronted the administration without time for reference to the management. The fact that he was courageous enough to take action on his own responsibility when occasion demanded, and enjoyed a remarkable degree of confidence from his superiors, undoubtedly secured success for the company many times when delay would have been fatal to their best interests.

"Mr Marpole had great interest in the general affairs of the Province. This fact, and his influence with the management, secured for British Columbia many extensions of our system. He was largely instrumental in the expansion of the E. & N. on the Island, as is commonly known here, and I am sure that nowhere will he be more widely missed than in this purely local connection."

MARPOLE FUNERAL.

Vancouver, June 9.—The funeral of the late Richard Marpole, general executive of the C. P. R. in British Columbia, will be held on Thursday afternoon at 2.30 o'clock from Christ Church to Mountain View Cemetery. Rev. Dr. Craig will officiate.

"SAVE CHILDREN" IS FUND'S PLEA

Canadian Jewish Relief Committee Makes Appeal For Local Aid

"Save the Children" is the slogan of the Canadian Jewish Relief Association, now appealing to the generosity of the Citizens of Victoria for funds to help in the work of feeding and clothing the innocent child sufferers in Eastern Europe.

General Smuts says: "It is the most awful spectacle in history, and no one with any heart or regard for human destiny can contemplate it without the deepest emotion. It is a case for a mission of rescue work such as the world has never seen."

In all the long history of the human race there has never been so poignant—so truly awful a situation.

The piteous cries and moans of innocent little sufferers are sounding in all directions. Frantic mothers, whose emaciated condition precludes the possibility of feeding their infant children, stretch forth appealing arms for food and succour to save their loved ones.

That civilization should ever permit helpless little children to be deliberately abandoned to starvation we never dreamed of in the Hour of Victory.

Shall we sit at our meals haunted by those we could have saved?

NATURAL HISTORY SOCIETY HOLDS FIELD MEETING

On the King's Birthday, a field meeting was held by the Natural History Society.

The rendezvous was the Summer home of Mrs. Duncan Ross, on the shore of Fourth Lake, in the Highland district.

The main party went by Interurban Railway to rifle range and walked thence some three miles into the hills to the lake.

Others motored up the new wagon road from Durrance, and still others bicycled in from Colwood.

On leaving rifle range one passes across a soft meadow lying in a valley, framed by the glaciers of the glacial period.

Here the botanists examined a unique instance of combined natural grafting and layering of re cedar (Thuja Pliata). Both the large dogwood (Cornus Nuttallii) and the small bush fern were noted in bloom.

Remarkable epicormic growths on the stem (numbers of small branches) due to light stimulus following clearing operations and also stool shoots from large maple stumps were noted.

The remarkable and peculiar rounded crown type of Douglas fir, around Goldstream and Finlayson Arm were very much in evidence.

An arbutus near the Ross house, was so covered with flowers that the usually prominent green foliage was almost hidden.

The lowland areas are covered by stratified deposits of marine origin, and a little to the south of the rifle range there is a deposit of infusorial earth formed of silver shells, remains of marine plants.

West of the rifle range the trail comes to the beginning of the upland of the southern part of the Island, and follows a creek up to Durrance Lake.

These hills are formed of Wark gneisses into which the granodiorites of Saanich type have intruded and of the Vancouver Volcanics.

In the course of time there were two glacial periods when the summits of the hills were subdued and the valleys were scoured out.

Passing along the shore of Durrance Lake and then on through a low pass the party arrive at Fourth Lake.

Here a log cabin of generous dimensions was found at the top of a slope to the lake.

The kettle was soon boiling and the lunches out on the grass.

After lunch the members went off in twos and threes and fours to gather in the treasures. Ferns including bracken and Edwardsia (just out) and maiden hair grew freely along the stream entering the lake from the south.

Mt. Jocelyn was directly in front of the house and one very energetic member climbed to the top.

The dogwood is nearly over. It was noted by members returning by the Millstream lakes road that the broom hid penetrated the forest along this road up to the school house about six miles north of Colwood.

Numerous water plants were gathered from the lake.

At about four-thirty there was more tea and then it was time to return to the station.

Mr. Kelly the president, moved a hearty vote of thanks to Mrs. Duncan Ross, for her hospitality to the society and this was seconded by Mr. Anderson and carried unanimously.

A SORE MOUTH

Or Pyorrhea Quickly Relieved By "ABSORBINE JR."

Are your gums sore and tender? Do they smart or bleed when you brush them? Are they slipping away from the teeth? When your gums get in this condition, they need something to kill all germs in the mouth——something to change the spongy, bleeding flesh into firm, healthy tissue.

As one Dentist writes:—"ABSORBINE JR." has a future for dentists in the treatment of Pyorrhea."

Used in diluted form, "ABSORBINE JR." makes a mouth wash that destroys germs, heals the gums, prevents decay. Clean and refreshing in taste and odor—and being a vegetable germicide, is absolutely safe.

$1.25 a bottle; at most druggists or sent postpaid by W. F. YOUNG, INC., Lyman Building, Montreal. 38

SOCIAL & PERSONAL

Miss Peri Gilmore Warren was united in marriage yesterday at Christ Church Cathedral to Colonel Percy G. Bell, D. S. O., by the Very Rev. Dean Quainton, assisted by the Rev. T. M. Hughes, in an extremely pretty ceremony, at which the many friends of the couple were present. The bride is the daughter of Mrs. F. B. Warren of this city, while Charles N. Bell, LL.D., of Winnipeg, is the father of the groom. She was given in marriage by her father, F. B. Warren, and looked very beautiful in a charming robe of ivory charmeuse satin embroidered with silver and pearls, her bouquet being composed of pale pink roses. Attending her as bridesmaid was her sister, Miss Geale Warren, who wore a frock of white Georgette and a picture hat of white French straw. Her bouquet was of pink carnations. The bride's mother was handsomely attired in helitrope satin, with hat en suite. A wedding breakfast and reception was afterwards held at "Schum," the home of Mr. William Agnew and Miss Agnew, on Rockland Avenue, where Col. and Mrs. Bell were the recipients of cordial good wishes from their many friends. Later the happy couple left by the afternoon boat for Vancouver, en route to Winnipeg, where they are to make their home. Dr. George Hall was the best man.

☆ ☆ ☆

Mr. and Mrs. Osborne Scott, whose marriage took place recently in Winnipeg, are spending their honeymoon on the coast. The bridegroom, who is well known in Victoria, is the son of the Ven. Archdeacon Scott, of the Peace River country. The bride was Miss Audrey Heath, of Winnipeg. This week they are the guests of Mrs. Scott's sister, Mrs. Frank H. Reid, of Vancouver.

☆ ☆ ☆

Mons. Georges Halet was the guest at tea of the president and executive of the Women's Canadian Club following the lecture yesterday afternoon. Other guests included John Cochrane, president of the Men's Canadian Club, R. W. Perry, of the executive of the Canadian Club, Madame Sanderson-Mongin, Mrs. Adams Beck, Mrs. Barnard, and Miss Purdey.

☆ ☆ ☆

Lieut. Donald E. Robertson, who was severely wounded at the action of Festubert in the earlier stages of the late war, died April 23 in England, as a result of his wounds. Lieutenant Robertson was formerly of the Merchants Bank of Canada here, and Mr. Sherrett, head accountant here, received the sad news yesterday.

☆ ☆ ☆

Among the many delegates to the convention of the Order of Eastern Star, the following representatives from up the Island are stopping at the Dominion Hotel: Mrs. and Miss Ingham, Mrs. M. McAdie, Mrs. D. C. Shields, Mrs. Jas. Hardy and Mrs. Chas. McCallum, of Nanaimo; and Mrs. D. Nicholson and Mrs. Alex. Michie, of Ladysmith.

☆ ☆ ☆

Rev. T. E. Rowe, of Vancouver, will give a public address in the schoolroom of Christ Church Cathedral on Wednesday at 8 o'clock. On Thursday, Mr. Rowe will be at the schoolroom from 10 to 12 to meet those who desire his help.

☆ ☆ ☆

A special meeting of the Margaret Rocke Robertson Chapter, I.O.D.E., is called for Thursday evening at 7.30 in the Jones Block. All members are requested to be present for important business.

☆ ☆ ☆

Miss C. McNeill, of Vancouver, is to be one of the Canadian women who will be presented this year at the two June courts at Buckingham Palace, says a press despatch.

☆ ☆ ☆

Mr. and Mrs. Knox Walkem, of Vancouver, have leased the residence of Mr. George Johnson for the Summer. Mrs. Walkem and her family will arrive in the city shortly.

☆ ☆ ☆

Mr. C. O. Julian arrived in the city last night, on his way up the west coast, after having attended the fisheries convention in Vancouver.

☆ ☆ ☆

Mrs. Flannagan and her son Tom, have left 615 Admiral's Road on their way to Belfast, where Mrs. Flannagan will visit her parents

☆ ☆ ☆

Port Alberni is represented at the Dominion Hotel by the following visitors: Mrs. Forsythe, Mrs. Piggott, Mrs. and Miss Reynhart.

☆ ☆ ☆

Mr. and Mrs. H. G. Scott, from Port Washington, are visiting in the city, and are staying at the Strathcona Hotel.

☆ ☆ ☆

Miss Innes Bodwell, who has been staying with her mother, Mrs. Cator in Vancouver, returned to the city on Monday.

☆ ☆ ☆

Mrs. Cartwright, from Salt Spring Island, with her friend, Mrs. A. M. Mitchell, are guests at the Strathcona Hotel.

☆ ☆ ☆

B. L. Moorhouse from Winnipeg, is visiting friends in the city, and is stopping at the Strathcona Hotel.

☆ ☆ ☆

Capt. E. B. Baker and Mrs. Baker, of Duncan, are among yesterday's arrivals at the Dominion Hotel.

☆ ☆ ☆

George G. Share and B. Branson are down from Duncan and are stopping at the Dominion Hotel.

☆ ☆ ☆

Mrs. R. Wightman and children, are visiting Mrs. Wightman's mother, Carroll Street.

☆ ☆ ☆

Mrs. J. B. Douglas and Miss Yeula Douglas, of Calgary, are staying at the Empress Hotel.

☆ ☆ ☆

J. J. Grant motored down from Nanaimo yesterday, and is registered at the Dominion Hotel.

☆ ☆ ☆

Commender S. B. Graves has left for Vancouver, where he is residing at Glencoe Lodge.

☆ ☆ ☆

Reddick H. Bickel, of San Francisco, is registered at the Empress Hotel.

☆ ☆ ☆

Mrs. Matthew Perry, of Wilmot Place, left this morning, via the steamship Prince George, for Toronto and points East.

☆ ☆ ☆

Mr. and Mrs. F. J. Warren, of Winnipeg, are registered at the Empress Hotel.

☆ ☆ ☆

H. A. Hudson, of Belleville, Ontario, has arrived at the Empress Hotel.

☆ ☆ ☆

L. J. Warren, of Honolulu, Hawaii, is registered at the Empress Hotel.

☆ ☆ ☆

Mrs. W. D. Grant is a patient in St. Joseph's Hospital.

MUSICAL CLUB ENTERTAINS.

As a token of appreciation of the services of artists other than members of the club, Mrs. Gideon Hicks, president of the Ladies' Musical Club, and members of the executive were hostesses informally at tea in the Empress Hotel on Tuesday afternoon to those who had lent their talents during the past season and contributed so largely to the success of the club's recitals. The tea-table was arranged in the large dining room, and lavishly adorned with white broom and flamed-colored poppies.

WOMEN TO TRIUMPH, SAANICH LEADER SAYS

Predicts This Is to Be the Century of the Weaker Sex

Predictions that women are coming into their own, that the twentieth century is the women's century, as centuries in the past had been men's, were made yesterday afternoon by Mrs. W. Griffith. She was speaking on the Women's Forward Movement and was the feature speaker at the "Guest Day" celebrations of the West Saanich Women's Institute at Sluggetts.

North and South Saanich women were represented by large delegations. The Women's Auxiliary of the G. W. V. A. sent a large representation.

Mrs. Griffith also asserted that the women's movement and the coming of women to the front of things marked an important part in the process of evolution. Mrs. Griffith gave a history of how women have been treated in the sex war of past ages.

Mrs. Deacon, president of the North Saanich Women's Institute; Mrs. Tahner, president of the West Saanich Institute; the Rev. Mr. Baston, Mrs. Palmer, president of the Women's Auxiliary of the G. W. V. A., also spoke. Mrs. Mayell, Mrs. Freelands and Mrs. Murray had charge of the musical features.

There was also a rose exhibition.

LOCAL MACCABEES PLEASED WITH RECEPTION GIVEN

The delegates from Queen Alexandra Review, who attended the Nanaimo rally, returned yesterday, delighted with the reception given them by the Maccabees of Nanaimo and filled with renewed enthusiasm for their work as a result of the perfect manner in which the work of the order was exemplified by the members there.

A class of one hundred and thirteen new members was presented to Dr. Fifield. Of these twenty-two were secured by Queen Alexandra Review, thus making her one of the winners of the "Sunset Banner."

A special drill of welcome was given by the guard of this review, each member of the train carrying a white shield on which was a letter in gold so arranged that when in position before the commanders station they spelled "Dr. Fifield," the rear guards carrying a large white and gold banner inscribed, "Queen Alexandra Welcomes You."

Lady Commander Galbraith presented to Dr. Fifield a beautiful basket of Irish crochet containing twenty-two magnificent red roses, each rose representing a new member, red roses and lilies of the valley were also presented to Deputy Supreme Commander Aydelotte, also to Supervising Deputy Hodgson, Mrs. Bly reciting in a very effective manner "The Star Spangled Banner," as a mark of respect to the honored guests.

LIFE MEMBERSHIP FOR MADAME LUGRIN FAHEY

Madame Winifred Lugrin-Fahey was made a life member of the Lady Douglas Chapter, I. O. D. E., yesterday afternoon, because of her patriotic work during the war. She was presented with a life membership badge.

Madame Lugrin Fahey told of how it delighted her to assist by her singing in the work of the Victoria Chapters and also the Daughters of the British Empire while she was engaged on professional work in New York last Winter.

As Lady Currie is a member of the Lady Douglas Chapter, the Chapter is formally to congratulate Sir Arthur Currie on his appointment to the presidency of McGill University.

A vote of sympathy was passed to Mrs. Dunsmuir and her family.

Mrs. H. A. Whillans was appointed convener of the Chapter's workers for Alexandra Rose Day, when women will sell roses down town for charity. Plans were discussed for the observing of Heather Day, August 26, when women will sell sprigs of heather.

Mrs. Meredith was appointed to the convenership of the soldiers' graves committee while Mrs. Pike is away. Flowers left at headquarters on Saturdays are to be placed on soldiers' graves at Ross Bay.

Mrs. R. B. McMicking, who has been away, was greeted with enthusiasm. Approval was expressed of the action of Mrs. Hotham in representing the Chapter at Christ Church Cathedral on June 3.

KING'S DAUGHTERS APPOINT DELEGATES

At its monthly meeting yesterday the Ministering Circle of King's Daughters appointed the following delegates to the Provincial convention of King's Daughters, which is to convene in Victoria June 17 and 18: Mesdames W. H. Bone, R. W. Wilkinson, Sears, Harvey, Hiscock, Errington, Willis Dean, Hearn, Playfair and Miss Thain. Sessions will be held in the schoolroom of St. Andrew's Presbyterian Church, Broughton Street. Members also are urged to attend luncheons to be held both days at the Douglas Hotel.

The meeting took a standing vote of sympathy for Mrs. Dunsmuir and her family in her recent bereavement, and also for Mrs. A. T. Purser, who has been bereaved by the death of her mother, Mrs. Lange, in England.

Mrs. H. A. Snow Morley, the leader, presided. Refreshments were served after the business session by Miss Gill.

THRIFT WILL PUT BELGIUM ON FEET

The Women's Canadian Club Hears Able Speaker on Economic Viewpoint

Belgium, socially and industrially was the theme of an instructive and entertaining address by Mons. Georges Halet before the Women's Canadian Club at the Empress Hotel on Tuesday afternoon. Mons. Halet is a native of Belgium and a graduate of Anthwerp University. He has made a study of his country from both a social and economic standpoint, and is well qualified to address an audience.

Mrs. Jeukins presided at the lecture which was the second of a series on the Allied countries. In introducing the speaker Mrs. Jenkins referred to her own admiration of the little country of Belgium, and to the heroism of the people who had won the respect and admiration of all the Allied countries. Miss Mary Purdey sang two charming solos, and Mme. Halet played the Belgian National Anthem, "Brabancon" before "God Save the King" concluded the meeting.

Thrift and the custom of putting by a little all the time together with a capacity for early rising and hard work had been the salvation of Belgium in the war, said Mons. Halet, and it would, he claimed, be the means of rapidly putting the country on its feet once more. "It was also the ambition of every person in the country to own their home, and the more property owners you have the better for the country," the speaker said.

Social questions such as temperance, religion, and education were touched on in the course of Mons. Halet's remarks.

"Yes, we have prohibition," he said, and explained that it was more owing to the indiscretions of the working classes that the Government had placed the sale of spirits under Government control. In the educated classes no one could be intemperate, and be accepted in society, he said. The speaker went on to explain that light beer was the usual beverage of the people.

"Oh, you are not well to-day," would be the usual comment if anyone asked for a glass of water, Mons. Halet told his smiling audience. Water was used freely for washing purposes, though, and the speaker dwelt on the extreme cleanliness of the Belgium people.

"Feminism" was an interesting topic in Mons. Halet's address, as he told his audience of the pre-war conditions when, while women were well educated in Belgium, it was not the custom for women of the better classes to earn their living, and hence there was no club life, or anything of that nature among them.

In the war the women came out of their seclusion, and it was remarkable, Mons. Halet said, to see the way in which they managed all the benevolent institutions which undertook so many philanthropies. The professions are open to Belgium women, but so far very few have taken advantage of such.

The difficulties of social work arose through the differences in religion, Mons. Halet told his audience. The country was Roman Catholic to the greater extent, though there was no official religion, and the clerics of other denominations received the Government allowance just the same as the Catholics. The question of politics and religion was also very mixed, the speaker said, and there were really two divisions, the clericals and the anti-clericals. Seventy-five per cent. of the schools were under the control of the priests, said Mons. Halet, and the rest were Government schools, neutral, or anti-clerical.

The natural resources of Belgium, its remarkable intensive agriculture, industries and productive possibilities were reviewed by the speaker in a very interesting manner. While the working class of Belgium was Socialist there was little fear of Bolshevism, for their ideals were much the same as British ideals, Mons. Halet thought. The working classes now foresaw the possibility of owning their own land, and a wage adjustment commission was operating in such a way that strikes would probably soon be a thing of the past.

Votes of thanks to Mons. Halet were proposed and seconded by Mrs. Hyndman and Mrs. Adams Beck.

SPRING CONCERT PROVES SUCCESS

Popular Vocalist and 'Cellist Present Varied Programme of Merit, Well Supported by Chorus.

The third annual Spring concert given by the choir of the First Congregational Church was successfully held last night, and proved to be one of the most enjoyable musical events of the season. Three well-known local artists appeared in a varied programme, and the chorus acquitted itself with distinction.

Mrs. Jesse Longfield and Edmund Petch, both of whom are always favorites, were heard to exceptional advantage in solo and duett. Miss Maud Scruby delighted her audience in two groups for the 'cello.

St. Luke's Church Fete.—On Saturday afternoon at the home of J. W. Tolmie, "Cloverdale," the Women's Auxiliary of St. Luke's Church is to hold a garden fete, at which any number of pretty things sewn and cooked are to be offered for charity sale in aid of the church funds. Tennis, Badminton, clock golf and an infinite variety of attractions will be offered to pass the time pleasantly, while afternoon tea and ices are not to be neglected. The rector has made a personal appeal to his parishioners to make the fete a success. A 'bus will leave the corner of Shelbourne Street and Bay Road at 1.45 p. m. to meet assistants and those taking material to the stalls. For the past six weeks the ladies have been sewing industriously to make the affair a success, and every prospect of a large attendance has been assured.

TIMELY TIPS.

Economy does not necessarily mean spending a small amount, but in getting the largest return for the money expended.

"Autumn in the Flower Garden" is the title, but it's of interest in the Spring. Ask for F123 of the State College at Ithaca, N. Y.

A hardwood floor in the kitchen is fine, but it's powerful hard to stand on all day at the ironing board. Why not fold up a rug and stand on that?

Don't think of dandelions as greens only. The tender young leaves are delicious eaten like lettuce with vinegar or salad dressing. If you are sceptical just try them

PAPERING A ROOM.

A room consists of three elements which must be considered when planning its decoration. These are the floor, walls and ceiling. Of these the floor is always the darkest, the walls lighter, while the ceiling should be lighter than the walls. A parallel for this is found in an out-of-doors landscape. The ground is of a deeper value than the distant fields and hills, and those in turn are deeper than the sky. If this order in a room is reversed the effect is one of gloom.

When painting your walls, if the rooms are low ceiled, the wall color should meet the ceiling with a narrow moulding as a dividing line. If the ceiling seems too high the picture rail may be dropped three or four feet and the wall space above the rail treated as a part of the ceiling.

If one bears in mind that walls are background one cannot go far wrong. Papered walls cannot be compared with painted walls for cleanliness and dignity if the plaster has been properly applied. Scalloped walls are a tiresome repetition. A narrow line border or moulding is preferable.

Grey and tan are good wall colors, and form a suitable background for most furniture and hangings. Avoid blue for a wall color, although it may be used for hangings and porcelains. Green and red should also be avoided. Yellow is perhaps the best of all wall colors.

Dresses of Voile and Gingham in Many Attractive Styles

Dainty cross-bars, wide checks and floral effects are seen in many happy combinations of colors in these dresses of voile and gingham. Hip draperies, overskirts, panels and abbreviated sleeves lend charm and style distinction most unusual in frocks at such very moderate prices.

Grimmett, Merritt; Grand Martha, Mrs. Grace Deaville, Victoria; Grand Electa, Mrs. Margaret McAdin, Nanaimo; — Warder, Mrs. Kate Carmichael, Prince Rupert; Grand Sentinel, H. K. Holmes, Vancouver.

DOG CRUSADE HAS CLEANED UP CITY

Mayor Porter is not a little gratified regarding the success of Victoria's new Poundkeeper, over whose activities His Worship exercises supervision.

"We are doing exceedingly well," the Mayor remarked to-day, "and, I think, have pretty well cleaned up the town as far as the stray dog nuisance is concerned. The most gratifying feature is that when we have taken dogs into custody recently, their owners have redeemed them in most cases and kept them from straying about further. Thus during the last month $102.50 was collected in the Pound Department, as against $20 during the last month of the former Poundkeeper's regime. This money comes from pound fees and from license tags. Particularly satisfactory is the fact that we have cleaned up Beacon Hill Park. There were two dogs in the park that were raising havoc with the flowers and the birds. One of these has been tied up by its owner and the other has been captured and executed."

It Is Not Enough

to have the bowels move. It is more important to persuade liver, kidneys, skin, and bowels to act in harmony and against self-poisoning. BEECHAM'S PILLS act favorably upon all organs concerned in food-digestion and waste-elimination; they remove causes as well as relieve symptoms.

PLUMBERS COMBINE ORDERED TO SHOW PROFITS TO COURT

Judge Lampman Finds All Prices Are Fixed; Eliminating Competiiton

How the prices of all plumbing done in Victoria is set by a central organizations so that competition between plumbers is destroyed, was alleged to Judge Lampman in the County Court to-day in the action that Ashton's, Ltd., brought against Dr. Jepson, of Luxton, to force him to pay a plumbing bill.

Dr. Jepson told the court the bill was exhorbitant and demanded that many of the items be reduced. He told the Judge that he could not prove how exorbitant plumbers' charges were unless he was furnished with the cost price of the articles.

Judge Lampman asserted that Dr. Jepsen had the right to this information and adjourned the case until next Wednesday, when Herbert Jackson, accountant, is to produce the costs of plumbing articles.

James Allen, plumber, who worked at Dr. Jepson's house, swore that he was paid 75 cents an hour. Dr. Jepson cross-examined the witness himself and asked how it was that plumbers were charging $1.25 an hour on customers' bills for plumbers' work.

Followed Price List.

Herbert Jackson, who has charge of the firm's books, swore that the prices charge Dr. Jepson were taken directly from the price book of the Plumbers' Association and are the same as charged by every plumber in Victoria. He explained that there was no set profit in figuring out these prices, but that the price was just set by the Association of Plumbers on the cost of the goods laid down in Victoria.

"That is done to hold up the price?" Mr. Jackson asked.

"I don't know the reason," he replied.

Judge Lampman asked that definite information be furnished the court as to the cost of the goods to the members of the Plumbers' Association and the prices at which these goods are put out to customers.

"Plumbers may be charging 500 per cent. profit, for all I know," said the Judge. "These plumbers haven't a schedule of prices that is approved of by the Legislature. It is only approved of by themselves. It doesn't seem to me to make the price right just because the Plumbers' Association says it is so. With doctors and lawyers their fees are set by the Legislature."

LAWYER RETAINED TO PRESS FOR A PROBE INTO HOME

Aid Home Society Wants Attorney-General to Investigate

For the purpose of pressing more strongly upon the Attorney-General's Department the desirability of investigating conditions in the Victoria Children's Aid Home and so clearing up all the rumors that have been circulated regarding the institution, the Children's Aid Society has retained W. C. Moresby to act on its behalf, Mayor Porter, Chairman of the Children's Aid Society, announced this morning.

Some time ago, it will be recalled, in answer to the requests of a delegation of citizens, Hon. J. W. de B. Farris, Attorney-General, instructed David Brankin, Superintendent of Dependent and Neglected Children, to look into the conditions prevailing at the Aid Home. This Mr. Brankin did, and presumably reported to Mr. Farris.

Meanwhile the Aid Home Society, which has charge of the Home, desiring to have all facts in connection with the institution revealed, also asked Mr. Farris to investigate its administration. Mr. Farris, the Mayor states, has not yet replied to this request.

In order to bring the question to a conclusion the Aid Home Committee has retained Mr. Moresby to press the matter. Mr. Moresby is urging Mr. Farris to proceed with a probe.

ISLAND PATRIARCH HELPED TO ENLIVEN WHARF MEETINGS

$20,000 Libel Suit Brings Out Stories of Troublous Times on Gabriola

Stories of the political fights that were waged last Summer for the location of the new wharf at Gabriola Island, came out to-day before Mr. Justice Macdonald in the Supreme Court when John R. Green continued to press the $20,000 libel suit that D. W. Campbell is bringing against W. M. Shaw of Gabriola. H. B. Robertson is defending Shaw.

It came out that antedating the alleged libel letter that Shaw wrote about Campbell, there was hard feeling because of the efforts of each of the two men to bring the new wharf near his property. Public meetings were held and sites debated.

John Cox who owns a sawmill on Budge Island nearby was on the witness stand this afternoon.

"You didn't take any pare in the discussion?" asked Mr. Green.

"No, I didn't make any speeches," replied Mr. Cox.

"Who did most of the talking?"

"Mr. Campbell, Mr. Shaw and Mr. Murray. Quite a few of them were all talking at the same time. Mr. Shaw didn't want anybody to vote there for the location of the wharf except property owners. He would have shut out some of the returned soldier boys who were working there."

"What happened? Did they vote?"

"Sure they voted."

"Would you say as to this meeting, that Mr. Campbell misconducted himself?"

Determined to Have Wharf.

"Not that I noticed. Mr. Shaw was determined to have the wharf at his place."

"Mr. Shaw takes a leading part in the affairs of that Island?"

"He tries to."

"Did you ever know of a man opposing Mr. Shaw before?"

"At elections Mr. Patterson dared to call him a weak-kneed Scotsman. But he acts as chairman of meetings or anything like that."

William Chappel, who has been ranching on Gabriola Island all his life, told of there being a row on between Campbell and Shaw at the wharf meetings.

"There was a big row or heated argument," suggested Mr. Green.

"Not any more than at any political meeting," replied Mr. Chappel. "You always see arguments like this."

"Rather a Patriarch."

"Mr. Shaw has always been rather a patriarch on the Island there?"

"He is a man who has his own business and he and I never have much to do with one another."

John James Galbraith swore that Mr. Campbell did not make himself obnoxious around the Island as charged by Mr. Shaw in the libel letter.

Mr. Campbell on the stand said that as a result of the Shaw letter charging him with irritating the people of the Island, while manager of the Gabriola Shale Products, Ltd., J. O. Cameron, president of the company, took the attitude that Mr. Campbell by running amuck had destroyed the goodwill of the people of the Island on which the company depends to get its material shipped at certain periods when the works are shut down and the regular employees let out.

Miss Rita Campbell Macdonald, and E. J. Hearn also testified. The case is going on this afternoon.

ADVOCATES CASINO

Charles St. Barbe Tells Real Exchange Amusements For Visitors Necessary.

The necessity of providing amusement and entertainment for visitors to Victoria during the Winter was impressed upon the Real Estate Exchange at its luncheon to-day by Charles St. Barbe, who advocated the establishment of a casino in the city. In a most interesting speech, Mr. St. Barbe described the purposes and general plan of such an establishment which could be built, he thought, on many advantageous sites in the city.

C. T. Cross and F. Landsberg supported Mr. St. Barbe's contentions and it is possible that a general meeting of the Exchange will be called to consider the matter further.

COURT OF APPEAL

The Court of Appeal with only Mr. Justice Martin dissenting this afternoon dismissed the appeal brought by the defendant in the case of the Standard Bank vs. Kirkpatrick. S. S. Taylor, K. C., represented the appellant, and R. A. Lucas the Standard Bank.

Frank Higgins, K. C., this afternoon is launching the appeal against the decision of the lower courts in the case of Rex. vs. Mah How. Mah How is now out on bail pending the appeal.

Cures Catarrh, Bronchitis Without Any Drugs

If you suffer from a cold, sneezing or catarrh—don't use a snuff—use a sensible treatment like Catarrhozone. It heals and soothes, brings relief at once, cures thoroughly. In bronchitis and throat trouble no doctor can do better than prescribe Catarrhozone. Try it—see what wonders it works—what power it possesses. Different from the old way—you inhale Catarrhozone. Get the dollar outfit which includes the inhaler and is guaranteed. Smaller size 50c., sample size, 25c., at all dealers.

WHAT'S THE USE.

'Tis human to feel sorry for
Yourself
Because you lack position, or
Much pelf.
Self-pity is a common thing,
My son.
What boons, however, can it bring?
Not one

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HAARLEM OIL CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. At all druggists, 50c. a box.

Look for the name Gold Medal on every box and accept no imitation.

FIGHTS FOR SHARE OF $1,000,000

Alexander Brethour Brings Hodgson-Elliott-Dunsmuir Suit Into Court Again

The $1,000,000 commission that R. T. Elliott, K.C., received for the sale to Mackenzie & Mann of the Dunsmuir coal mines in 1910 and the method of its division is up again in the courts.

Alexander Brethour of Taylor & Brethour, acting for Ephriam E. Hodgson, has brought the matter before Mr. Justice Macdonald of the Supreme Court in an effort to garnishee a certain $25,000, which, it is claimed, is coming to Hodgson.

Mr. Hodgson has been claiming $500,000, or half the commission which Mr. Elliott received. He claims that with G. B. French he helped to engineer the coal mine sale and that they are thus entitled to an equal share with Mr. Elliott in the commission.

Before the war, Mr. Hodgson commenced suit for his share of this fortune and later he also commenced suit against Mr. French and others for the recovery of monies which French received in connection with the sale of the Dunsmuir properties. He obtained judgment against Mr. French for $25,000.

Mr. Brethour is opening the present action explained that it is sought to garnishee the $25,000 from Mr. Elliott, as it is alleged that Mr. Elliott in paying Mr. French a large sum of money retained this $25,000 to answer the result of any litigation brought by Mr. Hodgson.

Mr. Bethour appealed to Mr. Justice Macdonald either to have this large sum of monies paid into court in satisfaction of the judgment or for a garnishee to be issued.

The issue as asked for by Mr. Brethour was ordered by the court to determine the liability of Mr. Elliott.

H. W. R. Moore, representing Mr. Elliott, resisted the garnisheeing efforts of Mr. Brethour.

The case is to come up again tomorrow, when, Mr. Moore declares he will file further affidavits for the protection of Mr. Elliott.

OBITUARY RECORD

The funeral of the late Miss Nellie Emma Conway took place yesterday afternoon at 1.30 o'clock, service being held in the B.C. Funeral Chapel by Rev. W. Baugh-Allen. There was a large attendance, and many floral tributes covered the casket. The hymns "Rock of Ages" and "Safe in the Arms of Jesus" were sung. The pallbearers were: Messrs. J. Isbister, W. Thompson, H. C. Phipp and E. B. Hardie. Interment was made in Ross Bay Cemetery.

The remains of the late Mrs. Maria Norcross were forwarded by the B.C. Funeral Co. this morning to Duncan, where funeral service was made this afternoon. Interment in St. Peter's Cemetery.

Chew Ci How, a Chinese merchant, of this city, died at the Chinese Hospital yesterday afternoon. He had been a resident of Victoria for many years, and was about 50 years of age, and a native of Canton, China. The remains are at the B.C. Funeral Parlors pending funeral arrangements.

The death occurred last night at the residence of his daughter, Mrs. J. L. Grimison, of Alexander C. Macdonald, aged 86 years and born in Nova Scotia. He had resided in this city for 29 years and was a shipbuilder by occupation. The late Mr. Macdonald is survived by three daughters, Mrs. J. L. Grimison, 516 Springfield Avenue, Mrs. Alfred Harvey, and Mrs. Charles Jost, and two sons, Capt. H. H. Macdonald, and Frank C. Macdonald. The funeral arrangements are in the hands of the B. C. Funeral Company and will be announced later.

The death took place at West Sooke, last night of Henry Sutherland, an old and respected resident of the district, aged 73 years, and a native of Aberdeen, Scotland. He is survived by his wife, a daughter resident in Sooke, a daughter in Eastern Canada, and a son at Prince Rupert. The funeral will take place to-morrow at 2 o'clock at Sooke, where interment will be made in a private cemetery. The funeral arrangements are being made by the Thomson Funeral Home.

The remains of the late Matthew David Martin were laid to rest in Colwood Cemetery, yesterday afternoon. Service was held in the B.C. Funeral Chapel at 3 o'clock, Rev. J. G. Inkster officiating. The hymn "Rock of Ages" was sung. The casket was covered with floral tributes. The pallbearers were Messrs. Roland H. Powell, Thos. Stevenson, W. O. Williams, J. D. McDonald, D. A. Henry and R. W. Morrison

Phone 1876. Blouses, Lingerie and Corsets, 1878. First Floor 1877.
Bayward Building Douglas Street

A LAMB IN A TAXICAB.

"They say" anything will attract a crowd in the streets of New York, but the noonday gathering in Forty-third Street yesterday was grouped about a most unusual combination. Little fluttering exclamations emanated from the feminine element.

"Oh, just look! Isn't it the cunningest thing!" said one.

"But isn't the mother fat?" countered her companion.

Curiosity was at the boiling point. Strenuous neck-stretching permitted a glimpse of the centre of admiration. A taxicab had drawn up to the curb and from its open side door a large and corpulent sheep gazed serenely at the crowd. Beside her was a very small and bewildered lamb, the attention of which a wily photographer was attempting to beguile with the usual blandishments.

"Say, lissen, Mame. What do they call a little sheep?" asked a girl, with delightful urban naivete.

"Why, the idear—a sheeplet, of course!" replied her sophisticated companion.

In the next block a solemn crowd surrounded a huge van from which men were throwing heavy bags.

"Why the interest?" asked a wayfarer. Cement isn't it?"

"Cement, nothin'; it's sugar—ten thousand pounds of it!" was the reply, in an awed whisper.

Wisdom, thy name is "Widow."

What You Will Be Tomorrow Depends Upon What You Do For Your Health Today—

You Must Keep Your Blood Filled With Iron To Stand the Strain of Modern Day Life Says Physician—Explains How

Nuxated Iron Helps Build Red Blood

Strength and Endurance

Have you ever stopped to look yourself squarely in the face? Are you getting anywhere? — or just drifting—a little weaker, a little more nervous, a little more run-down every day? Nothing slips away so easily as HEALTH. Unless YOU hold fast, to HEALTH by your own efforts—by keeping your blood pure, red and rich in iron—the day may come when all you can do is WISH you had acted sooner. Physicians explain below how to help make rich, red blood and increase strength, power and endurance, through the health-giving, strength-building power of organic iron—Nuxated Iron—which is now being used by over three million people annually.

"Success is in the blood," says Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of the City of New York. "There are men whom fate can never keep down. They triumph over difficulties and ill-fortune because they have within them the never-failing source of courage, confidence and power—pure, red blood, rich in stamina-building iron. Where others hesitate and stumble, these men march forward with a firm step and take the best prizes of life. Their brains are keenly alive, their bodies are fortified with the strength and energy that enables them to take and keep the best the world has to offer. But in the rush and tear of modern day life, many a man and woman neglects to keep their blood filled with strength-building iron and as a result they find themselves on the verge of a physical and nervous breakdown at a time when they should be enjoying their best years. In my opinion, physicians cannot emphasize too strongly the necessity of keeping the blood pure and red with plenty of iron, and I believe they should at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, in commenting upon the foregoing statement, says: "Every keen, active successful man and woman of today recognizes that a sound, strong body is the basis of all real achievement and they leave no stone unturned to safeguard their health. Lack of iron in the blood not only makes a man a physical and mental weakling, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. I strongly advise every man who is fagged out by worry, work and other strains to build up his strength, energy and endurance by taking some form of organic iron—Nuxated Iron—for I consider it one of the foremost blood and body builders; the best to which I have ever had recourse."

MANUFACTURERS' NOTE: Nuxated Iron, which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. Each tablet of genuine Nuxated Iron is stamped as follows: "N" and the words Nuxated Iron are stamped into each bottle, so that the public may not be led into accepting inferior substitutes. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists in tablet form only.

NUXATED IRON

FOR RED BLOOD, STRENGTH AND ENDURANCE

Sold in this city by C. H. Bowes and other good druggists.

WANTS DR. TOLMIE'S SPEECH PRINTED TO ENLIGHTEN FARMERS

"Friday, May 14 was a day of very considerable importance in the Commons," says the Ottawa correspondent of the Charlottetown Herald, "The business of that day, apart from the ordinary routine, was the presentation made by the Hon. the Minister of Agriculture of the operations of his department for the previous twelve months, when he moved the House into committee of supply to consider the necessary estimates for the coming year.

"The interest which Hon. Dr. Tolmie aroused in his presentation of the operations of his department went far to show how important it is that the right man should be in the right place. It was admitted by nearly everybody in the House that the Minister of Agriculture on this occasion had presented to Parliament a budget more interesting and more important, and containing more information than any one remembered having come from any previous Minister of Agriculture. The extent of the operations of the Agricultural Department, in every phase of agricultural science, and the progress and improvement in making from day to day and week to week, in carrying out and expanding the work of a great department of this nature.

"It was suggested, while his estimates were under consideration, that the great amount of information and practical lessons to be drawn from the Minister's exposition of his department should find a wider publicity than the mere embalming them in the pages of Hansard. It is hoped and earnestly desired that this speech of the Minister of Agriculture shall be published in pamphlet form and distributed all over Canada, so that agriculturists in every section of the Dominion can learn therefrom what the department is doing, and also be able to draw from the great fund of information therein presented such practical lessons in improved agricultural methods as will redound to the success and financial advantage of the agricultural community generally. The Minister's presentation was very well receive, and his practical common sense method of furnishing information, during the progress of the committee stage of his estimates, earned for him the good will of nearly all the members and he succeeded in having his estimates voted with very little adverse criticism. Certainly Hon. Mr. Tolmie has made a splendid beginning as Minister of Agriculture, and being a practical agriculturist, it is felt that he will, no doubt, make a grand success of his department."

'YE OLD KING JAMES."

The Tottenham magistrates have just transferred the license of "Ye Old King James and Ye Tinker." This quaintly-styled tavern claims to have been established for over a thousand years.

The house stands in White Webb's Lane, near Waltham Cross, and not far from Theobalds Park. The king was James I., and the tinker was drinking beer there or quaffing ale, when His Majesty stopped at the house during a Royal hunt in Enfield Chase. The tinker expressed a desire to see a king in the flesh. James said he should, and took him along with him on his horse to where his nobles were awaiting him. He then disclosed his identity to the astonished tinker, and wound up the incident by conferring a knighthood upon him. That, at any rate, is the story.—Tit-Bits.

CASTORIA For Infants and Children. In Use For Over 30 Years. Bears the Signature of Chas. H. Fletcher

VANCOUVER GETS TWELVE SEAPLANES

Dispatch on Sea-Base Tells of Hangars For Twelve Machines

A dispatch from Vancouver in connection with the Air Board offer of a pilot-navigator's certificate to W. Templeton, a well-known Vancouver pilot, who served with distinction in the R. N. A. S. and R.A.F., states that the Vancouver seaplane station planned by the Air Board is to contain twelve machines.

The site will be somewhere in English Bay, it is stated, the exact site not yet announced. Hangars will be built there to accommodate the machines—which will presumably be some of the 140 "gift" machines that the Imperials donated to Canada.

It is understood that the offer of a post made to Mr. Templeton is in connection with the flying to be done by the Air Board machines at the Vancouver Air Station.

In addition to the seaplane base at English Bay, it is thought that three other aircraft stations will be accorded to this Province, none of which, so far as is known at present, being on the Island. The local aviators are anxious to secure if possible, a customs seaplane base at Cadboro Bay, and are securing wide support from the various bodies in that connection. A committee composed of members of the Board of Trade aeronautical committee, Kiwanis Club and others are helping the flying men in their effort to put Victoria on the Aerial map.

FURTHER RULES FOR APPLICATION OF LUXURY TAX

Further advices from Ottawa concerning the operations of the new luxury tax have been received by Richard Jones, Collector of Inland Revenue. These bear upon points which have arisen under the operation of the tax and are set forth as follows:

"Leather moccasins are included in the term 'boots and shoes,' and are liable to the luxury tax when in excess of $9 per pair.

"Stamped post cards when printed are not subject to sales tax of one per cent as respects the cost of the cards.

"Surgical instruments are not liable to the luxury tax.

"Products of the soil such as sand, gravel and unprocessed stone are not taxed.

"Lime, cement and stone which is quarried, crushed or which passes through any process is liable to sales tax.

"Building contractors and sub-contractors, though technically manufacturers, are rated for the purposes of the tax as retailers selling the consumer. Tax is not chargeable on the amount of the contract between the contractor and owner except with respect to material manufactured by contractor and included in his construction such as metal cornices, sash and doors. Tax on such material to be based on the selling price of such material, but not the cost of installation in the building.

"Cordwood, gas for fuel purposes, pasteurized and sterilized milk and ice cream, are exempt. Patent preparations such as Horlick's malted milk, also lard substitute, are subject to the sales tax.

"Raw leaf tobacco imported as samples is subject to sales tax of one per cent on duty paid value when imported, import tobacco being $1 per pound.

"Beer used for the manufacture of vinegar in bond under bonded manufacturing licence is exempt from section 3, sub-section G. Sales tax must be computed on the price of the goods f.o.b. at point of shipment without reduction or allowance on account of freight.

"Logs sold by logging firms, if not squared or processed, are not subject to the sales tax.

"Collar buttons, cuff buttons and cuff links are rated as jewelry for the purpose of the luxury tax.

"Photographers are regarded as manufacturers. Sales tax of one per cent exempt, as provided by section 7, sub-section D of resolutions, to which may be added cordwood, lignite coal, milk, bread, hog and poultry food, milk powder made from whole milk, corn and maple syrup, peanut butter, glucose, split peas, dried peas.

"Luxury tax is collectible on sales as above if articles sold are specified in the resolutions as liable to luxury tax. Goods returned by jewelers to manufacturers after May 18 cannot be credited on the manufacturers' return for the month of May."

SICK HEADACHES

For Last 10 Years

Headaches effect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion, N. S., writes:—"I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would now recommend B. B. B. to anyone who is suffering as I did. I only took 3 bottles, and am never troubled with sick headaches any more."

B. B. B. has been on the market for over 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Royal Cord

The finest Cord Tire in the world.

"Royal Cord" means more mileage than you can get from any other tire—more miles per gallon of gasoline—and a buoyancy that gives an added luxury to motoring.

OUR HIGH SCHOOL.

To the Editor:—"Mr. Alex. G. Smith resigns as principal of the High School to undertake the administration of one of the Sprott-Shad School Departments." (Newspaper report).

Here is food for meditation, whether Mr. Smith's services are worth more to the business college than they were to the High School is of little consequence to the reader, but it is of some consequence to the people of Victoria who are taxed to support an educational institution, if that institution can neither afford sufficient scope for men of ability nor offer advantages that will meet the requirements of our young people.

Why is it that two hundred of our youths in order to prepare for life's necessities find it to their advantage to pass by our municipal institution where the "education" is "free" and attend a private business college? Does this not indicate a lack of adaption upon the part of the High School to meet the requiremen s of to-day. With an average attendance at the High School of seven hundred and an average attendance at the business college of about two hundred is there not sufficient reason for the citizens to ask why this neglect or inability of our municipal institution to supply the demand for a practical equipment?

The conventional reply to this question is: "We do not want to make machines out of the pupils." Let me call attention to the fact that in our moderate economic world the great majority of the population are estined, or to use a more forcible term—damned—to be nothing but machines and God help the man or woman who has not the chance of becoming an efficient machine at least until such time that the humanities will displace competition and honesty oust the profiteer.

To produce this required efficiency is one of the first duties of a public educational system. Frills and follies, under the heading of culture may be left for secondary consideration in a world as practical as ours has unfortunately become. If we do not give our young people what they require, they cannot be blamed if the falling out of the senior ranks of the High School continues. Our young people are not disposed to take what they neither require nor want.

Is it not time that our High School be made as efficient as the business college? We want less frills and more facts, less matriculation and more efficiency, less of that which unfits for contact with the real life of to-day, and more qualification to cope with the economic problems which are by far the most pressing upon the greater proportion of our people. By an adaptation to meet the pressing requirements of to-day, our High School can be made as useful to our young people as it is ornamental to the city.

In conclusion I can but express the opinion that when the people of British Columbia have been convinced of the educational waste that pervades our system, and express a desire for a system that will more intimately relate the student to the life which presses him and her so heavily upon all sides, those in authority will be only too glad to meet their requirements.

ERNEST A. HALL.

DEFENDS MR. HARRIS.

To the Editor:—Will you please give me the opportunity of replying through your paper to the letters inserted in previous editions relating to Mr. C. Harris and his efforts. I think, sir, it is only fitting that someone should direct the public attention to another phase of this question of raffles and crusade work, as it has been termed.

In the first place, while on the surface it seems strange to many that a person like Mr. Harris should have the nerve to bring people or peoples to account for having done, as has been suggested, "someone else a good turn," I feel sure that many who have read the charges and letters on the question have lost sight of a great moral issue which is at stake, namely, it is not a question between those prosecuted and Mr. Harris, but a question of law and its observance. I am safe in saying this much, Mr. Harris has no axe to grind, but as a Christian man and citizen of our city wishes to see laws observed and enforced relating to moral questions. We have allowed too many breaks in the past on many of such important matters, which deal with the morals of our country, without a protest whatever.

Mr. Harris is not responsible for the laws on the Statute Books, or for their enforcement either, but as a "citizen of no mean city" he takes up his own responsibility and endeavors to bring before the authorities whose duty it is to do this thing, namely, see to the carrying out or observing of these laws without any favor to anyone, their responsibility.

It is not a question of a mere helmet being raffled—that is only a small thing—but a much larger question—law observance. We all, as citizens, would do well to say to this Mr. Harris "Much obliged for bringing this to our attention." Instead of that, we ask, "Who is this that troubleth Victoria?" If our moral laws are allowed to be dodged by people when they please, pray what kind of example are you going to place before the children of our country

I am sure there are others who could have taken up the defence of Mr. Harris better than myself.

C. ADLAND,

SMITHERS SEEKS INCORPORATION

Is First Urban Community to Apply For Letters Patent

Under the terms of the Village Incorporation Act passed at the recent session of the Legislature the community known as Smithers has presented a petition to the Oliver Government praying that it may be incorporated as a village.

This is the first petition to be received by the Government since the new measure became the law of the land. It contains 203 signatures and cites the fact that the community requiring incorporation contains 520 residents. The Act, it will be recalled, limits the number for any village so incorporated to one thousand.

Accompanying the petition are the requisite maps indicating the area involved.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

MEETING ON SUNDAY

Gathering on Behalf of Jewish Relief Will be Called to Order at 9 p.m.

In order to meet the wishes of those who will be attending evening service in the churches on Sunday evening, the special meeting called at the Royal Victoria Theatre, in aid of the Jewish Relief Fund will commence at nine o'clock. Rabbi Goldenstein, of Tacoma, will be the chief speaker. There will be no coollection.

The Ministerial Association, after hearing S. H. Anschell, Campaign Director, and F. Landsberg, has passed a resolution of confidence in the movement, and commends the drive to the sympathy and support of the churches of all denominations. The Association has subscribed the sum of $50 to the funds of the organization.

Subscriptions continue to come in satisfactorily. Not the least noteworthy of those received yesterday came from a group of children who held a tag day of their own, and not one of them over six years of age.

ALDERMEN EXAMINING SOOKE LAKE PIPE LINE

Alderman W. J. Sargent and Alderman Joseph Patrick are spending this week at Sooke Lake camping and fishing. These members of the City Council were unable to keep up with their colleagues during the recent trip along the Sooke Lake flow-line, and they are anxious to investigate the condition of the pipe at leisure. While at Sooke Lake they will walk along the pipe toward Humpback reservoir as far as possible examining the various leaks en route.

When Alderman Patrick, who is chairman of the Legislative Committee, returns to the city, negotiations with the B. C. Electric Railway Company, regarding the six-cent fare question, will be resumed.

A BEDTIME STORY

Uncle Wiggily and Noodle's Plaster.

By HOWARD R. GARIS.

Copyright, 1920, by The McClure Newspaper Syndicate

"Well, Noodle! What in the world are you doing?" asked Uncle Wiggily one day, as he passed the house where Toodle and Noodle Flat-Tail, the beaver boys, lived near the duck pond ocean. "What in the world are you doing?"

Indeed well might Uncle Wiggily, the nice old rabbit gentleman, ask such a question. For Noodle sat on top of the half round house, which stuck up out of the water of the pond, and Noodle was taking up gobs of mud on the end of his broad tail. And the beaver boy was slapping the gobs of mud down on top of the roof of the house.

"Are you making mud pies?" asked the bunny rabbit gentleman.

"Oh, no!" laughed Noodle. "I am not playing with mud pies, much as it does look as though I were."

"Then what are you doing?" asked Uncle Wiggily, who stood on shore and looked across the duck pond ocean to the beaver house, on top of which sat Noodle.

"I am plastering up holes in our roof," said the brother of Toodle, who, as I told you last night, had driven away the Crozokus by splashing water on the bad chap. "There was a hail storm last week," went on Noodle, "and the hail stones made holes in our roof. So I am filling them with mud now. The sun will dry the mud and our roof will be as good as ever."

"Well, you are a very smart little beaver boy to do that," spoke Uncle Wiggily. "I wish I might come closer and watch. But I cannot swim so far, and the pond is too deep to wade.

"I'll make a little boat for you and float you over here," offered Noodle. So he washed the mud off his tail and with his four orange colored front teeth, which were so powerful they could cut down big trees, the little beaver boy soon gnawed out a hollow canoe for the bunny gentleman.

"Now I'll Watch You Plaster Up the Holes in the Roof," Said Uncle Wiggily.

Noodle swam across the pond to shore, pushing the boat with his nose, and Uncle Wiggily took his place in the hollowed out canoe. Then Noodle pushed him back across the pod, and Uncle Wiggily hopped up on the roof of the house, for it was plenty large enough for the beaver boy and the rabbit gentleman.

"Now I'll watch you plaster up the holes in the roof," said Uncle Wiggily. "I want to learn something new every day, and a lesson in mud-plastering a roof may be very useful some day."

"All right!" laughed Noodle. "Here I go!"

With that he took up another gob of mud on the broad part of his tail and spread it over a hole in the roof, Uncle Wiggily watching carefully.

"For," said the bunny gentleman, "the roof of my hollow stump bungalow might get a hole in some day, and, if I learn how, I can mend it with mud for Nurse Jane."

Uncle Wiggily was watching Noodle doing the mud plastering, and everything was lovely and calm and peaceful, when, all of a sudden, a voice behind Uncle Wiggily and Noodle burst out with:

"Well, I guess it's time for souse now!"

And there stood the Pipsisewah. He was just getting off a raft he had made of old sticks and pieces of wood. All unseen he had floated across the duck pond on this raft to the roof of the beaver house, and now he was ready for mischief.

"I smell souse!" he cried, looking at Uncle Wiggily's ears.

"Well, this will stop you from smelling!" quickly cried Noodle, and he plastered some mud over the Pip's nose.

"Oh, but I can still see the souse!" cried the bad chap.

"Well, this will stop you," said Noodle, and he threw a gob of mud from his tail at the Pip. The mud plaster shut the bad animal's eyes.

"But I still have my mouth and I can nibble souse" gurgled the Pip.

"Not after this!" shouted Noodle,

And There Stood the Pepsiewah.

and he threw a large ball of mud, which completely filled the mouth of the Pip.

"Oh, wurgle-gurgle-gurgle-glob!" mumbled the Pipsisewah and he was so plastered with mud that Uncle Wiggily and Nodle easily tumbled him head over heels on the raft and shoved him off down stream, and it took the Pip a week to clean the mud off his face.

So that's how Noodle saved the bunny gentleman, just as you probably knew all along he was going to. And if the clock doesn't make funny faces at itself in the looking glass, so it laughs in its sleep and wakes up the June bug, I'll tell you next about Uncle Wiggily and Arabella's berries.

HAS RETURNED HOME.

Delighted to return to Victoria after a prolonged absence of several months, Thomas Walker is back at his desk from England.

Mr. Walker has made a report to Premier Oliver with regard to publicity work which he was able to do for British Columbia in the Old Country. He left England when the orchards and pastures were ablaze with Spring blossom, and was greeted on reaching Victoria by the broom in its zenith.

NEWS AND NOTES OF THE MINES

Mining Deal at Stewart

Seven mining claims composing the Monitor group in the Salmon River district, Portland Canal, have become the property of several Vancouver investors through a recent deal negotiated by Messrs. McFarlane & Mahood Limited. The purwere Roland Margetts and associates, and the original owners who received approximately $50,000 for their holdings, were Messrs. Larsen and Lindeborg of Stewart.

The Monitor group extends from the Punch Bowl to the Sullivan and Daisy claims, which are owned by the Mahood Mines, Limited. The group has a very large low-grade ledge on which considerable development work has been done, and the recent purchasers expect to follow extensive plans for further mining activities on their claims.

Telegraph Creek Rich.

E. F. Williams returned to Seattle recently with the latest information regarding the placer strike on Telegraph Creek in the old Cassiar district. He declared that the Sid Barrington crowd would clean up over $150,000 from ground opened during the Winter where pay ran as high as $3 on bedrock. Last week at Wrangell he met a late arrival from Telegraph Creek familiar with the Barrington ground. He was informed that during the Winter considerable gold had been washed out by hand panning, and that a large dump is now being sluiced. The usual Winter method of thawing is being used. Barrington is a former Yukon River pilot now operating a steamboat on the Stikine River.

Forty Nine Mine

Silas P. Silverman, secretary of the Forty Nine Mining Co., arrived at Stewart recently from Vancouver, and will remain her some days in connection with the property which is working under Wesley W. Warren, as consulting engineer and Harry Howson as superintendent. The Forty Nine has developed sensationally rich silver-gold ore and plans for its development are extensive.

How American Women May Keep Faces Young

"The American smart woman ages early, far earlier than the English woman," says Christian Miller, F. C. I., the famous English health expert. She adds that our climate "so exhilarates that you over-exert yourselves and grow old before you know it. That same exhilarating air dries the skin. The skin that lacks moisture grows pale and withered looking and soon forms wrinkles.

"The American complexion" is best treated by applying pure mercolized wax, which causes the fadded, lifeless cuticle to flake off in minute particles, a little each day, until the fresh, young skin beneath is wholly in evidence. Every druggist has mercolized wax; one ounce usually is sufficient. Spread on at night like cold cream, washing it off next morning.

VOTERS MAY REGISTER.

Mount Tolmie and Cedar Hill residents may register for their votes at the residence of A. E. Horner, Kisber Avenue, any evening after 6 p.m., or next week at the Temperance Hall, Cedar Hill, in the evening.

Girls' Corner Club Picnic.—The annual Corner Club picnic is being held to-day. Tally-hos and autos left the Oddfellows' Hall, Douglas Street, at 1.45 p. m., for Deep Bay, where tea will be served, returning in the evening. On Thursday the club will meet as usual in the club rooms, Oddfellows' Hall. Supper will be served at 6.15, followed by a special programme of music and recitations. All business girls are cordially invited to this meeting.

IF YOU GET IT AT PLIMLEY'S IT'S ALRIGHT

Oh! How the Housework Drags!

Who does not know women and young girls who are continually in tears — who always see the dark side—who have frequent fits of melancholia without apparent cause?

Dr. Pierce's Favorite Prescription exerts a wonderful power over woman's delicate system. It is an invigorating temperance tonic and is prescribed for the peculiar weaknesses of women. It is prepared in Dr. Pierce's branch Laboratory in Bridgeburg, Ont., and it can be procured in liquid or tablets at any drug store in Canada.

Dacre, Ont.—"I am more than pleased with Dr. Pierce's Favorite Prescription. I was run-down and so nervous that I could not even stay in the house alone in the day time and tried every kind of medicine I heard of but got no result. One of my friends advised me to take 'Favorite Prescription,' said that it would cure me and it did. After taking four bottles I felt like a new woman and it is also the very best medicine for a woman rearing a family.

"I will recommend 'Favorite Prescription' to any one suffering like I did."—MRS. JOSEPH BEAUDRY, R. R. 2.

LANKA TEA

The first taste

One sip of Lanka settles the tea question. The rare flavor, rich and stimulating, has no equal. Only skilled blending of Ceylon's finest hill garden teas, can achieve such quality — yours in the striking black and white package labeled *Lanka*.

Wee Kelly Pitched Good Ball and Capitals Win

Indians Tamed in Last Evening's Game; Leardites Swung Their War-Clubs Effectively on Offerings of Lambert; Spokane Infield Also Assists in Downfall of Club.

Victoria, 7; Spokane, 3.

Tom Kelly, the wee boy who has landed a permanent job on the hurling staff of the Capitals, southpawed his way to victory over the Indians at the Stadium last evening. His win was well-earned and the fans gave him a great hand. Kelly is the smallest twirler in the Pacific International League, but he has a whole lot more heart than a lot of the bigger ones and when he goes into a game he pitches for all that is in him and never wastes time disputing decisions. In the past Kelly has lost some mighty tough games through the bobbles of the infielders. With the support he was given last night, however, the little fellow need never worry about losing any more battles.

For the first five innings Kelly blanked the red-skins. He handed them the pipe of peace and they smoked it in a subservient manner all the way through. Only in two innings did they show signs of breaking out into open warfare, and then Kelly put a little more dope into the pipe and set them down again.

Went After Runs.

The Capitals gave the fans plenty of heart by starting out to gather runs in the first inning, and continued the inspiring work by amassing a total of seven before the game ended.

Church put a hot roller right into Ginglardi's hands in the first inning, but the little short-stop kicked the ball around the infield and Jimmie was called safe. Leard advanced Church with a single to right and he scored when Brown cracked the ball over second for a single.

Dempsey upset Lambert in the second by slamming out a single, and Zienke made the wrinkles on the Spokane hurler's face increase when he followed in Dempsey's footsteps. A wild pitch advanced both runners, and Dempsey slid over the plate when Fisher allowed a throw to get by him. Elliott worked Lambert for a pass and scored along with Zienke, when Mitchell, who made a good stop of Church's drive, threw wildly to first.

The Caps took a liking to Lambert's slants in the sixth and added three more runs. Kelly lifted out a Texas leaguerer, but was forced out at second by Elliott. Church poled a clean single to left and a wild pitch advanced both he and Elliott. Leard landed on a curve ball that shot through the infield like a cannon ball. Both Elliott and Church scored, and Leard halted at third to get his second wind for a sprint home on Brown's out.

Indians Break Out.

After being helpless for five innings the Indians broke out in the sixth and scored one run. Two singles and a pass filled the base, and a sacrifice fly to right-field resulted in a score. A home-run with one man on gave the Indians two additional runs in the eighth.

The Box Score.

Victoria—	AB.	R.	H.	PO.	A.	E.
Elliott, ss.	4	2	2	7	2	1
Church, 3b.	5	2	3	0	1	0

Summary: Home runs—Downey. Three-base hits—Leard. Two-base hit—Hodges. Sacrifice hit—Murphy. Stolen bases—Elliott, Leard. Struck out—By Lambert, 5; by Kelly, 4. Double plays—Mitchell (unassisted), Dempsey to Elliott to Dempsey, Lambert to Downey to Murphy. Bases on balls—Off Lambert, 3; off Kelly, 3. Hit by pitched ball—Leard by Lambert. Wild pitches—Lambert, 2. Time of game, 1.40. Umpire, Held.

Cole Beaten by Giants.

Tacoma, Wash., June 9.—Seattle defeated Tacoma, 2 to 1 yesterday in the fastest game on the local field this year. The game was played in one hour and 20 minutes. Both teams played errorless ball. Seattle came from behind in the seventh and eighth innings, Hoffman's sacrifice fly and Hesse's single scoring the two runs. Cole lost his first game of the season after seven straight wins.

	R.	H.	E.
Seattle	2	6	0
Tacoma	1	5	0

Batteries — McKay and Boelzle, Cole and Anfinson.

Beavers Trim Yaks.

Yakima, June 9.—Errors by the Yakima outfielders gave Vancouver the first game of the series here yesterday by a score of 6 to 2. Johnson for Vancouver pitched an excellent game of ball.

Score—	R.	H.	E.
Vancouver	6	8	0
Yakima	2	5	5

Batteries—Johnson and Tobin; Wolfram and Cadman.

HAS HIT HIS STRIDE

CARTY ELLIOTT

who is the smoothest fielder in the league. Early in the season it looked as though this boy would throw all the games into the ash-can, but he has fooled 'em all and is traveling like a whirlwind just now

MRS. BARLOW WINS AN EASTERN GOLF TITLE

Philadelphia, June 9.—Mrs. Rona H. Barlow, of the Meriden Cricket Club, won the women's eastern golf championship yesterday when she made 83 on the final 18 holes of the 36-hole medal play and turned in a card of 170 for two days' competition on the links of the Philadelphia Cricket Club at St. Martin's.

Mrs. W. F. Bavin, of the Belleclaire Golf Club, was runner-up with a total of 173 strokes.

SUSSEX BEATEN BY SURREY'S BATTING

Ducat Batted 203 and Hobbs 110; Lancashire, Essex and Worcester Win Matches

London, June 9.—(Canadian Associated Press).—At the Oval yesterday Surrey scored 479 in the first innings, including Hobbs, 110, and Ducat, the Aston Villa footballer, 293. They beat Sussex 186 and 326 by nine wickets.

After an unpromising start, Yorkshire defeated Notts at Leeds by 10 wickets, the score being: Yorkshire 324, and 50 for no wickets; Notts 215 and 159. Rhodes for Yorkshire played a fine innings of 167, no out.

Essex, at Leyton, scored 439 and beat Northampton 181 and 156 by an innings and 182.

Lankies Win.

Lancashire by scoring 336 and 68 for one wicket, easily defeated Leicester 184 and 219 by nine wickets. Hendron played a great innings of 183 not out for Middlesex, who scoring 445 in the first innings at Lords, beat Hampshire 174 and 284 by nine wickets.

Worcester gained their first victory by defeating Gloucester by 112. The scores were Worcester 231, including Jewell, 110 and 115; Gloucester 112 and 122. Taylor took eight Gloucester wickets for 46; 106 runs by Bajana, the Indian cricketer, greatly assisted Somerset at Bath, with 379, to defeat Warwick 153 and 229 by 10 wickets.

YANKEES WIN OUT IN SLUGGING MATCH

Defeated Detroit by Bad Score; Home-run Beats Alexander

American League.

Detroit, June 9.—New York defeated Detroit, 13 to 6 yesterday. Four costly Tiger errors combined with ragged pitching by Boland and Dauss were responsible for late rallies which gave New York the game.

Score:	R.	H.	E.
New York	13	16	0
Detroit	6	12	4

Batteries—Shawkey and Hannah; Boland, Dauss and Ainsmith.

Johnson Wins Game.

St. Louis, June 9.—Washington hit Sothoron in the pinches and aided by the locals' ragged fielding defeated St. Louis, 5 to 3. Home runs by Williams and Sisler accounted for two of St. Louis's tallies. Johnson drove the ball into the right field bleachers in the seventh.

Score:	R.	H.	E.
Washington	5	8	0
St. Louis	3	7	6

Batteries—Johnson and Picinich; Sothoron, Vangilder and Severeid.

Chicago Couldn't Hit.

Chicago, June 9.—Jones held Chicago to four hits yesterday and Boston won 4 to 1.

Score:	R.	H.	E.
Boston	4	12	0
Chicago	1	4	1

Batteries—Jones and Schang; Wilkinson and Schalk.

Indians Win Out.

Cleveland, June 9.—Cleveland won from Philadelphia, 7 to 5 yesterday, driving Moore from the box in two innings, and bunching hits off Keefe. Caldwell kept Philadelphia's hits scattered. Score:

	R.	H.	E.
Philadelphia	5	12	2
Cleveland	7	15	2

Batteries — Keefe and Perkins; Caldwell and O'Neill.

National League.

Philadelphia, June 9.—Paulet's home run over the right field wall with two on bases in the eighth inning won yesterday for Philadelphia.

Score:	R.	H.	E.
Chicago	3	7	1
Philadelphia	5	9	1

Batteries—Alexander and O'Farrell; Rixey and Witherow.

Reds Lose to Giants.

New York, June 9.—The New York Nationals defeated Cincinnati, 5 to 4 yesterday. Score:

	R.	H.	E.
Cincinnati	4	10	5
New York	5	8	2

Batteries—Fisher, Sallee, Luque and Wingo, Raridan; Barnes and Smith.

Leaders Beaten.

Brooklyn, June 9.—St. Louis defeated Brooklyn, 3 to 2 yesterday. The Dodgers bunched three hits for two runs in the second inning, but were held in check by Haines in the other eight. Cadore was hit freely. Smith made four hits in the first four times at bat. Score:

	R.	H.	E.
St. Louis	3	11	1
Brooklyn	2	6	2

Batteries—Haines and Clemons; Cadore and Krueger.

Coast League.

At Los Angeles—Seattle-Vernon game postponed; Seattle traveling.

At Salt Lake—	R.	H.	E.
San Francisco	3	12	3
Salt Lake	10	16	1

Batteries—Lewis Couch and Yelle; Thurston and Byler.

Three Four-Oared Crews Will Represent J.B.A.A.

Bays Pick Junior Crew Which Will Enter in Both Junior and Senior Four Races; Will Have Entries in Senior and Junior Doubles and Singles.

Three four-oared crews will represent the Bays in the N. P. A. A. O. regatta at Shawnigan Lake next month. At a meeting of the J. B. A. A. held last night it was decided not to form a senior crew but to pick the best possible junior boat and allow it to compete first in the junior race and then try out against the seniors. Two 140-lb. crews will be entered by the Bays, one senior and junior doubles, one junior singles and one senior singles.

The Bays are very optimistic over their chances of winning the main events on the long programme. They recognize that they will be competing against fine talent from Portland, Vancouver and Coeur d'Alene but are in hard training and will push their shells through the water as no other crews have done which have represented the club.

The Junior Four.

According to the present standing of the crews "Bobbie" Travis will stroke the junior four. Moses will be No. 3, and Monteith No. 2, with Armbrister at bow. This crew will pull in the junior event, and whether or not it is successful will pass on and try its luck against the seniors. According to the rules governing the N. P. A. A. O. no man is a recognized senior until he has won a junior race.

The two 140-lbs. crews which have been entered are as follows:

Stroke, Maclachlan; No. 3, Hartley; No. 2, Riddell, and bow, Watson.

Stroke, Johnson; No. 3, Temple; No. 2, Cummins, and bow, Pauline.

The Doubles.

Aubrey Kent is pairing with McLaren in the doubles. They will row in both the senior and junior races. Both these oarsmen have good record, and are doing vigorous training in order to be fit for the strenuous contest at the lake.

P. Hay-Currie will row for the Bays in the junior singles. He represented the club at Shawnigan Lake in the singles in 1912 and won second place. He is at present working out in his shell at Langford Lake.

Holding Club Regattta.

The Bays have arranged to hold another club regatta over the Inner Harbor course on Saturday, June 26. Four crews have been picked to contest in this regatta, and the two best crews will be given a chance to row in N P A. A. O. show. They will row against two crews from the Shawnigan Lake Athletic Club, which is anxious to row in the regatta, but has not crews strong enough to put in the main events.

The local crews and the times they will work out are as follows:

5 p. m.—(s) Greig, (3) McLaren, (2) Shandley, (b) Coleman.
5 p. m.—(s) Bendroit, (3) Ryall, (2) Jackson, (b) Renfrew.
5.30 p. m.—(s) Duncan, (3) Skillam, (2) Davie, (b) Hunter.
6 p. m.—(s) Henshall, (3) Woodward, (2) Dee, (b) Staples.

Athletic Club, which is anxious to row in the regatta, but has not crews strong enough to put in the main events.

GREAT HORSE SHOW TO START ON JUNE 16

Great Interest All Over World Being Taken in International Show at Olympia

London, June 9.—After a lapse of six years the International Horse Show will be revived at Olympia here, beginning June 16. Many new features have been added to the varied and lengthy programme, and prizes amounting in the aggregate to $50,000 will be awarded. In past years this annual function under Royal patronage proved to be of absorbing interest to horse lovers all over the world and this year's exhibition gives promise of being even more attractive to foreign owners of high-class thoroughbreds and show horses.

His Majesty King George V. is again patron and the list of directors includes the Earl of Lonsdale (chairman), Sis Gilbert Greenhall, Bart., C. V. O., Sir James Buchanan, Bart., Messrs Authur E. Evans, O. B. E., Walter Lloyd, Walter Winans and R. G. Heaton (Managing Director). Judge Moore with Messrs. E. T. Stotesbury, Clarence H. Mackay and Lawrence Jones represents America, Canada being represented by Colonel Sir Adam Beck, George W. Beardmore and Sir Montague Allan, C.V.O. Frank F. Euren, as before, is Secretary to the show.

Marathon Drive

In all there are 101 classes. One novelty will be a Marathon Drive for horses in single harness which will run over a course of 12 miles finishing in the Arena at Olympia.

Another interesting event will be the Military Ride open to all British and Foreign Military Officers on the Active List, designed to bring out the essential requisites of a troop horse or charger, namely, steadiness, balance and stamina, handiness and, above all, unconditional obedience. The ride commences at Aldershot where the competitors assemble in undress uniform on the Aldershot Steeplechase Course. Here a circuit will be made in the course of which all the jumps, about 10, have to be negotiate. At intervals of two minutes the horses will leave, by squads, for Olympia where they will ride into the ring, at a pace of from 12 to 15 miles per hour, there to take all the obstacles, fences, posts and rails as they did at the commencement o. the competition. The prizes will be awarded in the Arena.

Difficult Contest

In the Handy Horse Competitions the horses will have to jump a bush fence and then some rails after which the riders will dismount, pick up a polo ball and carry it to a basket some 25 yards away, each rider leading his horse from ball to basket. He then remounts, opens and closes a gate, jumps over a gate into a lane and out again over a gate and so to a finish.

Other novelties include prizes for the best trade turnout in which Costers ponies, Costers donkeys, light trade single turn-outs, vanners and trade pairs will compete For the latter event Messrs. Alfred and George Vanderbilt sons of the late A. G. Vanderbilt, a Director of the Show, who was lost on the Lusitania) are offering a special Cup.

The King Edward VII. International Challenge Cup for teams of three officers of any nation having been won outright by Russia in 1914, the Prince of Wales is replacing it by a similar cup to be ridden for on the same conditions as before.

BIG CROWD SAW LEWIS DEFEATED BY CADDOCK

Des Moines, Ia., June 9.—Earl Caddock, former heavyweight wrestling champion, of Walnut, Ia., defeated Ed. (Strangler) Lewis, of Louisville, Ky., here last night, two falls out of three in a spectacular match.

Caddock won the first fall in 43 minutes, 30 seconds with a head scissors and arm chancery. Lewis took the second with a headlock in 27 minutes, and Caddock won the deciding fall in seven minutes with a toe hold and wrist lock. The match was attended by a crowd of 10,000.

HOOD JOINS SALT LAKE

Salt Lake City, Utah, June 9.—Wallace Hood, outfielder, was purchased by the Salt Lake Club of the Pacific Coast League from Pittsburg. Hood was formerly with Moose Jaw in the Canadian League, and joined Brooklyn last season. When the Brooklyn club asked waivers on him this season he was taken by Pittsburg.

BEAVERS AND CIVIL SERVICE PLAY TO TIE

The game between the Civil Service and Beavers intermediate baseball teams at Beacon Hill last night resulted in a tie. The game was called at the end of the sixth on account of darkness, the score being 4 all. W. Teddie, of the Beavers, and F. Dangerfield, of the Civil Service, each pitched well.

FRENCH OLYMPIC BOXERS ASSISTED

Sportsmen Gave 20,000 Francs to Train Fighters For Big Games

Paris, June 9.—A gift of 20,000 francs by sportsmen for the training of amateur boxers to represent France in the Olympic Games at Antwerp this Summer, announced to-day, has put new spirit into the contestants, who are meeting here for the elimination matches. It is intimated other gifts will follow.

There had been much pessimism in French sporting circles, as in Great Britain because of the lack of funds to properly prepare teams in all sports. The boxers to represent France will be selected in twenty-four regional tournaments.

The fund was raised under the leadership of the president of the National Sporting Club of France.

SHAMROCK STRETCHED SAILS IN LIGHT AIR

City Island, June 9.—For the first time since she arrived in 1914, Sir Thomas Lipton's Shamrock IV, challenger for the America's Cup was given a sail stretching trial with her full racing canvas yesterday. Except a spinnaker, all the sails used on a racing yacht were broken out in the lightest of light northeast airs.

Owing to weather conditions the stretching process was not a success. When all the canvas was set, Shamrock appeared decidedly over-rigged. Going before the wind the yacht showed little speed. She reached, however, fairly well and footed in a satisfactory manner when the small head sails were taken in and the ballooner set. Designer Nicholson, Col. Neill and Captain Burton watched the craft from the cockpit of a high-speed tender and later expressed satisfaction. The Shamrock was under sail for an hour and twenty minutes.

ELKS WILL DANCE AFTER THEIR SWIM

All members of the Elks' Swimming Club are requested to attend the regular monthly meeting to be held at the Gorge to-morrow evening at eight o'clock. Important business will be discussed.

The club will also hold a polo practice at seven o'clock to-morrow evening, after which the club will hold a dance in the hall. All members are invited to attend the dance.

YARROWS ARE OUT TO BEAT LEADERS

Good Amateur Game at Stadium To-night; Central Win School League

Yarrows are going hot-footed after the Knights of Columbus at the Stadium this evening and expect to take a fall out of the haughty league leaders. The shipworkers will relp upon the left arm of Eddie Brown to hold the Knights in check, while they hope to wade into the offerings of Smith, who is slated to pitch his first game in the city league.

The game will start at 6.30 o'clock and the teams will line up as follows:

Yarrows—E. Brown, pitcher; H. Brown catcher; Potts, first base; Williams, second base; Gandy, third base; Milne, shortstop; Burnett, right field; Beescroft, centre field; Robinson, left field.

K. of C.—Smith, pitcher; Davis, catcher; Oatman, first base; Williams, second base; Gaiten, third base; McQuade, shortstop; Crocker, right field; Lalonde, centre field; Parfitt, left field.

Elks to Practice.

The regular practice of the Elks' baseball team will be held this evening at the Royal Athletic Park at 6.30. This change has been made necessary by the amateur league game being played at the Stadium. After the practice a meeting of the players will be held, when several important questions will come up for discussion. A full turn out is requested.

Centrals Won.

The inter-school league baseball final was played off at the Royal Athletic Park last night between the Central and South Park Schools. The Central School won by 10 to 7, and become the possessors of the Times Cup.

Price and Dangerfield was the battery for the Central School, and Winkie, Anthony and Mowat for South Park.

Dangerfield showed greater skill than ever while in the pitchers box on account of having his old catcher Price behind the rubber once more.

RESOLUTE OUT-DRIFTS VANITIE IN TEST RACE

Newport, R.I., June 9.—The Resolute outdrifted Vanitie in an uncertain and flukey breeze in yesterday's race in the America's Cup defence trials, covering the 30 miles to leeward and return in only a few seconds less than the six hours required to make the race.

When the Resolute finished shortly after 5 o'clock, Vanitie was more than three miles astern and did not cross the line until more than half an hour later. Except as a light weather test, the race was unsatisfactory, but it placed the Resolute two victories to one over her rival in the series which is to determine the cup defender.

MUCH BETTER.

The little boy was attending a sale with his father.

"What's that they're selling now, daddy?" he asked.

"A mummy," the father replied.

"A mummy!" answered the little boy. "A mummy! Well thank goodness I've got a better mummy than that."

ANOTHER OUIMET ON WAY TO FAME

Rock Island, Ill., June 9.—Ray Ouimet, of Kansas City, duplicated his score of Monday by turning in a 72 yesterday in the last qualifying round for a trans-Mississippi Golf Association championship, at the Rock Island tournament. Par for the course is 74.

As a result he won low medalist honors of the tournament. Because of his steady playing, Ouimet last night was favored to win the title.

Cedar Rapids Country Club won the Brock trophy with a total four-man score of 660 for two days.

SCOUTS PLAN CONCERT FOR FRIDAY, JUNE 18

All arrangements have been completed for the concert to be given under the patronage of Brig.-Gen. Ross, C.M.G., D.S.O., in aid of the Oak Bay Troop, Boy Scouts, and Oak Bay and Gonzales Packs Wolf Cubs, in the schoolroom, St. Columba Church, corner Granite and Mitchell Streets, on Friday, June 18.

The programme is to include some very interesting exhibitions by the Scouts and Cubs in first aid, physical training, gymnastic work, boxing, tilting, etc. Through the kindness of Capt. Ian Sinclair a number of school cadets will also furnish an important item of the programme. A real snappy one-act farce is to be presented by members of the Princess Dramatic Society, which should prove a great drawing card. This concert is being given to raise funds to purchase equipment, etc., to carry on the work of the Boy Scouts, and a full attendance is hoped for. Tickets will be in the hands of the Scouts and Cubs Friday, June 11.

The Great French Tonic and Blood Purifier

"VITAL" TABLETS

Get a Box To-Day and To-morrow You'll be Better.

VITAL is a French Tonic composed of harmless ingredients, compounded by chemists. It is very rarely you can get a medicine that will do its work as quickly as VITAL. You will at once feel its stimulating effects. Rheumatism can and will be driven away if you take VITAL. It makes you feel like a new person in a few days. Are you not feeling yourself? Have you that tired, lazy feeling? Do you feel dizzy? If so, there is something wrong. Drive it away by taking VITAL. You will eat and feel better in a few days. If you don't, your druggist will refund you your money. VITAL is for the kidney, liver and stomach trouble, biliousness and indigestion, and tones up the entire system. Price 50c. a box.

Makers of everything in brushes.

Boeckh's Floor Sweeping Brooms gather up the dirt. They are sanitary, too. They take up *all* the dirt; they don't rub it in. Specially adapted for sweeping linoleums, oilcloths, hardwood floors, etc. In sizes 12 to 30 inches wide. For sale by leading hardware and general stores.

NO CHANGE REPORTED IN RUPERT STRIKE

Longshoremen Want 25 Per Cent. Increase; Freight Embargo General

The Prince George, Captain Donald, arrived at seven o'clock this morning from Rupert, where the longshoremen's strike is still in full swing. All companies operating to that point have now placed an embargo on freight, and there is apparently no movement of merchandise at all. The strikers are demanding a substantial increase, said to be twenty-five per cent, for their main objective, and at present no negotiations are under way. The situation is causing little anxiety among shippers who have freight in hand for that point. The situation remains quiet, but no change has been noticed and everything is still tied up tightly.

P.G.E. RLY. EQUIPMENT

Inspector William Rae Will Bring Three Locomotives From Kingston, Ont.

To bring back to this Province the three locomotives now completing construction for the Pacific Great Eastern Railway, William Rae, Provincial Inspector of Railway Equipment, will leave for Kingston, Ont., to-morrow afternoon.

The locomotives in question are being constructed by the Kingston Locomotive Works to the order of the Pacific Great Eastern Railway Company and their cost to the Province will approximate $60,000 each laid down at the P.G.E. terminals at Squamish.

Their use will be confined to the main line of the system.

YARROWS BUSY WITH ANNUAL CLEAN-UP

C. P. R. Boats Undergoing Spring Cleaning and Painting For Summer Season

Messrs. Yarrows, Ltd., at Esquimalt have been experiencing a busy week. The Princess Adelaide, which had been cleaned and painted throughout, was off the ways Monday evening. Tuesday afternoon the steamer Amur, which had been in drydock for some time past, was moved over to Yarrows and hauled out for cleaning and painting. Altogether Yarrows have had their hands full this week, and have already several things in sight for the beginning of the following week. The C. P. R. boats are looking very spick and span after their annual overhaul and Spring cleaning.

ALICE JOINS MARY ON SKAGWAY RUN

Two Boats Now Operate to Northern Points in a Weekly Service

The Princess Alice, after being cleaned and painted, will leave Victoria Friday night for Vancouver, where she will enter the weekly service to the north with the Princess Mary. Sailing from Vancouver Saturday morning, the Alice will alternate with the Princess Mary to Skagway, the innovation being necessary by the amount of traffic that is offering to northern points.

AMERICAN PORTS SEEK EUROPEAN TRADE

Port of Call in Spain and Four New Ships Added

Details of the programme of extension outlined by the U. S. Shipping Board, given in The Seattle Times of yesterday's date, indicate that the Pacific American ports are alive to the necessity of developing greater trade relations with the European countries. It says in part:

"Details of its plans in which were made public to-day by W. C. Dawson & Co., Puget Sound agents, show that the services is being built up on a scale far greater than was expected by the shipping public.

The line at present is extending its routes to Norway, Sweden and Denmark, and next September will establish a service to Spain. It began by instituting a service to Great Britain a year ago and then added France, Belgium, Holland and Germany to its routes. The decision to add the Scandinavian countries was made some time ago, and the Spanish service was then taken under consideration. Definite advices have been received by Dawson & Co. from Williams, Dimond & Co., of San Francisco, managing agent of the line, that the service to Spain will be established early in September. The line then will link Seattle and other Coast ports to all the nations of Western Europe.

Twelve steel steamships, ranging from 8,800 to 12,000 tons deadweight, are now in full operation. September 1 the Shipping Board will add four more big carriers to the fleet, giving a total of sixteen. The fleet is already the largest ever operated between the Coast and Europe by one organization.

Three Sailings a Month.

With the addition of the four new ships Dawsons & Co. announced today, Seattle will have three sailings each month for the countries beyond the Atlantic, or a total of thirty-six sailings a year. At present the fleet gives two sailings a month from this port. The addition of the new ships will enable the line to place Tacoma on a parity with the other Coast ports. One sailing a month is to be provided in the new service to the Scandinavian countries, this being the first time the Coast ever has had an American service with those nations.

The service to Spain will be founded on the garbanza bean of Mexico. Approximately 15,000 tons of the beans are shipped each Spring from Mexico to Spain, the movement heretofore going by rail to the Atlantic seaboard and thence being sent by steamship across the Atlantic. Arrangements are being made to bring the Mexican product north to San Francisco, where it will be loaded on board the vessels, which will include Spain in their itinerary.

Each ship is to have at least five ports of call on the other side of the Atlantic, this plan assuring enough return cargo for the voyage back across the Atlantic.

The whole programme of the European Pacific Line, it is announced, is based on the need for regularity of service, such regularity assuring the shipper that his consignments will not be delayed or sidetracked. The movement of cargo from the Coast of Europe has been highly satisfactory since the service was established, the chief problem being the building up of a return movement from Europe. The return movement has been gradually increasing since last July and each of the ships now leaves the other side of the Atlantic with 2,000 to 3,000 tons in her holds, a fact indicating that conditions in the European countries are beginning to improve.

Heavy Cargo Developing.

The vessels return to the Pacific Coast via Boston and New York, making the run from those ports to Seattle in thirty-five days. This plan is proving a great success, developing a heavy cargo movement from the two Atlantic coast ports to this Coast. Under existing circumstances freight often takes thirty-five days to reach Chicago by rail, it is said, so that the water route via the Panama Canal means a great saving in time. An extremely heavy steel movement is expected from the East Coast the coming season.

The European Pacific Line at present has three large steel steamships on the Sound, the 9,400-ton Haxtum in Tacoma and the 8,800-ton Fort Wayne and the 8,800-ton Bakersfield in Seattle. The Haxtum is loading 3,000 tons of wheat and 1,000,000 feet of lumber for her voyage to Europe, the cargo being furnished by Seattle and Tacoma. She will shift to this port in a few days to load her Seattle consignments. The Fort Wayne arrived a few days ago to enter the service to Europe coming out from Baltimore where she was built. She will go to Portland to load 7,000 tons of wheat for Europe. The Bakersfield also will go to Portland to load 7,000 tons of flour.

Flour, wheat and lumber are moving at present in heavy quantities to the other side of the Atlantic. Next month will see the beginning of a movement in canned products, such as salmon and fruit, that will attain heavy proportions by the Fall.

The next of the ships to arrive in Seattle are the Eastern Ocean, sailing from New York last Saturday; the Howarden, sailing from New York June 15 and the West Coyote, sailing from New York June 20.

F. A. Hooper, general freight agent of Williams, Dimond & Co., arrived in Seattle yesterday in connection with the preparations for the increase in the fleet next September. He will remain here for several days.

"We are greatly encouraged by the outlook in Seattle and the other Coast ports," he said this morning.

NOTICE TO MARINERS

BRITISH COLUMBIA.

(59) Strait of Georgie—Fraser River—Woodward's Islands, Deas Island, Tilbury Island and Annacis Island—Range Lights Established.

Woodward's Island Range Lights.

Front light: Position—On north side of the Woodward's Islands. Character—White acetylene light automatically occulted at short intervals. Elevation—Twelve feet. Visibility—Four miles in the line of range. Structure—Pile dolphin supporting a white, wooden, slatwork day-mark and platform carrying tank and lantern. Remarks—The light is unwatched.

Back light: Position—325 feet 99 deg. (N. 74 deg. E mag.) from front light. Character—White acetylene light automatically occulted at short intervals. Elevation—Twenty-two feet. Visibility—Five miles in the line of range. Structure—Pile dolphin supporting a white, wooden, slatwork day-mark and platform carrying tank and lantern. Remarks—The light is unwatched. Sailing directions—The lights in one, bearing 99 deg. (N. 74 deg. E. mag.) lead up the river from the intersection of their alignment with that of the Garry Point range lights to the intersection of their alignment with that of the Deas Island range lights.

Deas Island Range Lights.

Front light: Position—On the north side of Deas Island, 400 feet southwest of Cannery wharf. Character—White acetylene light, automatically occulted at short intervals. Elevation—Twelve feet. Visibility—Four miles in the line of range. Structure—Pile dolphin supporting a white, wooden, slatwork day-mark and platform carrying tank and lantern. Remarks—The lights unwatched.

Back light: Position—325 feet 67 deg. (N. 42 deg. E. mag.) from front light. Character—White acetylene light, automatically occulted at short intervals. Elevation—Twenty-two feet. Visibility—Five miles in the line of range. Structure—Pile dolphin supporting a white, wooden, slatwork day-mark and platform carrying tank and lantern. Remarks—The light is unwatched. Sailing directions—The lights in one, bearing 67 deg. (N. 42 deg. E. mag.) lead up from the intersection of their alignment with that of the Woodward's Island range lights to a point where the front light of the Tilbury Island showing white is visible. If this point is over-run, Tilbury Island front light will show red and covers shoal ground.

Tilbury Island Range Lights.

Front light: Position—On the north bank of the Fraser River, opposite Tilbury Island. Character—White acetylene light automatically occulted at short intervals, with a red sector between the bearings of 38 deg. (N. 13 deg. E. mag.) to 268 deg. (S. 63 deg. W. mag.). Elevation—Twelve feet. Visibility—Four miles in the line of range. Structure—Pile dolphin supporting a white, wooden, slatwork day-mark and platform carrying tank and lantern. Remarks—The light is unwatched. Sailing directions—The lights in one, bearing 67 deg. (N. 42 deg. E. mag.) lead up from the intersection of their alignment with that of the Woodward's Island range lights to a point where the front light of the Tilbury Island showing white is visible. If this point is over-run, Tilbury Island front light will show red and covers shoal ground.

Tilbury Island Range Lights.

Front light: Position—On the north bank of the Fraser River, opposite Tilbury Island. Character—White acetylene light automatically occulted at short intervals, with a red sector between the bearings of 38 deg. (N. 13 deg. E. mag.) to 268 deg. (S. 63 deg. W. mag.). Elevation—Twelve feet. Visibility—Four miles in the line of range. Structure—Pile dolphin supporting a white, wooden, slatwork day-mark and platform carrying tank and lantern. Remarks—The light is unwatched. Sailing directions—The lights in one astern, bearing 255 deg. (S. 50 deg. W. mag.) lead up from the turn in the channel at Tilbury Island front light to the intersection of their alignment with that of the Annacis Island range lights.

Deas Island Range Lights.

Front light: Position—On the north side of Deas Island, 400 feet southwest of Cannery wharf. Character—White acetylene light, automatically occulted at short intervals. Elevation—Twelve feet. Visibility—Four miles in the line of range. Structure—Pile dolphin supporting a white, wooden, slatwork day-mark and platform carrying tank and lantern. Remarks—The lights unwatched.

Back light: Position—325 feet 67 deg. (N. 42 deg. E. mag.) from front light. Character—White acetylene light, automatically occulted at short intervals. Elevation—Twenty-two feet. Visibility—Five miles in the line of range. Structure—Pile dolphin supporting a white, wooden, slatwork day-mark and platform carrying tank and lantern. Remarks—The light is unwatched. Sailing directions—The lights in one, bearing 67 deg. (N. 42 deg. E. mag.) lead up from the intersection of their alignment with that of the Woodward's Island range lights to a point where the front light of the Tilbury Island showing white is visible. If this point is over-run, Tilbury Island front light will show red and covers shoal ground.

Tilbury Island Range Lights.

Front light: Position—On the north bank of the Fraser River, opposite Tilbury Island. Character—White acetylene light automatically occulted at short intervals, with a red sector between the bearings of 38 deg. (N. 13 deg. E. mag.) to 268 deg. (S. 63 deg. W. mag.). Elevation—Twelve feet. Visibility—Four miles in the line of range. Structure—Pile dolphin supporting a white, wooden, slatwork day-mark and platform carrying tank and lantern. Remarks—The light is unwatched. Sailing directions—The lights in one astern, bearing 255 deg. (S. 50 deg. W. mag.) lead up from the turn in the channel at Tilbury Island front light to the intersection of their alignment with that of the Annacis Island range lights.

SHRINERS CHARTER VESSELS FOR NORTH

For the forthcoming convention of Shriners at Portland, the Prince Rupert will convey over 300 members from Canadian points to Seattle on Sunday, arriving there at four in the afternoon. After the convention is over the Shriners have chartered the Spokane and the Jefferson for a special excursion up North.

As in the case of the Spokane, the Jefferson will load her regular Southern Alaska cargo at Seattle by Friday evening, June 25, and then proceed to Tacoma to pick up the Shrine delegation coming from the Portland convention. Both the Jefferson and Spokane are scheduled to sail from Tacoma for the special Shrine excursion on Saturday morning, June 26, at 7 o'clock, and will proceed together through the famous inside passage to the regular Southeastern Alaska ports of call, with a special stop arranged at Juneau, where the imperial divan of the Shrine will stage a special ceremony.

LILLOOET ON SURVEY.

The Government vessel Lillooet will sail from Vancouver to-morrow for the North on a hydrographical survey, taking in coastal points. The vessel had been outfitted at the coal wharf, Esquimalt, for some time past, and is out on an extensive cruise.

STAR LIKES PLAYS OUT OF ORDINARY

Says New Works Often Present Moral Side Not Desirable

Elsie Ferguson, the well-known picture star says she always trys to select plays which are out of the ordinary—plays which call for thought, and present features which may appeal to the best side of the public. But it is not easy. Miss Ferguson finds producing pictures is a business, and the capital and machinery invested in it must be kept working. There is a lack of new material. The old material has been combed with a fine tooth comb until it is difficult to find good books which can be put on the screen satisfactorily. New works are often indifferent, or bad, or present a moral side which one does not wish to present. But plays which show art and real thought make more impression with the public, and pay best in the end.

"If one has to present plays which portray the failings most common to human men and women, I always try to play them in such a way that it can be shown that, despite the mistake there is always a road open to get back and retrieve past errors."

Miss Ferguson sailed for the Orient on the Empress of Russia.

SMALL DECREASE IN EMPLOYMENT

British Columbia Figures Indicate Placements in Various Industries

Statements have been tabulated from 484 firms in British Columbia by the Dominion headquarters of the Employment Services, with an aggregate payroll of 60,842 employe:s and show a net decrease in staffs since the end of the preceding week of 154 persons or three-tenths of one per cent. A decline for the week of May 8 had been anticipated but the reductions which actually occurred were not as large as had been expected. For the week ending May 15 an increase of 349 persons or six-tenths of one per cent. was expected. In comparison with their returns for January 17 these firms reported increases amounting to 3,137 persons or five and four-tenths per cent.

Plus Industries.

The only large increases during the week under review as compared with the returns for the preceding week occurred in lumber and its products, where 193 persons were additionally employed, due to the extensions in staffs to meet saw milling and river driving requirements. Fifteen other groups registered increases since the end of the preceding week, but the additions were small. Lumber and its products anticipated having a further though smaller increase during the week of May 15. The largest increase estimated was in railway construction, where it was expected 213 additional persons would be employed. The increase actually registered during the week of May 8 in this group had been small. Six other plus groups proposed having further though slight increases, 33 expected to have similar reductions and in five groups no changes were expected.

Minus Industries.

While the minus industries during the week of May 8 as compared with returns from the same firms for May 1 numbered 11, the only large declines occurred in iron and steel products, where 256 fewer persons were engaged and in railway transportation, where there was a reduction of 77 employees. The decline in the first-named group occurred chiefly in the steel shipbuilding industries and is largely due to completion of work. For the week ending May 15, however, these two groups and three other minus industries anticipated showing recovery, the increase of 80 persons estimated in railway transportation being the only large addition expected in the groups showing minus tendencies. Three of the other groups proposed having further, though smaller, decreases, and firms in three groups expected their staffs to remain stationary.

In comparison with returns for January 17, firms in 20 groups reported that they had made increases aggregating 4,022 persons, while in 8 groups employers reported decreases amounting to 885 persons. The largest increases since the middle of January was registered in Railway Construction, where 1,752 persons were additionally employed since that date. Logging, Building Construction, Edible Animal and Plant Products, Pulp and Paper Goods, Miscellaneous Manufacturing Industries, Telephone Operation, Wholesale Trade and Railway Transportation registered reductions of between 100 and 400 persons. In the 10 other plus groups in this comparison the increases were of a minor character. On the other hand, large reductions since January 17 were reported in Iron and Steel Products, Coal Mining and Water Transportation, 447, 181 and 156 employees having been released by firms in these industries. The declines in 5 other groups showing minus tendencies in this comparison, were slight.

SISTERS OF ST. ANN TO HAVE NEW SCHOOL

Famous Sisterhood Will Require Larger Quarters at Cowichan

It is announced that the Sisters of St. Ann, Tzouhalem, have decided to build a new school, the present building being inadequate for the work. Donations will be received by the Mother Superior there, or the Rt. Rev. J. Leterme, in this city.

This announcement comes at a time when the Sisters of St. Ann are commencing to celebrate the seventieth year of the Order, which was founded in 1850 by Rt. Rev. Ignace Bourget, the Bishop of Montreal. Eight years later the sisters came to Victoria, and founded the convent here, the first teaching being given the day after they arrived, June 5, 1858.

These sisters came from the province of Quebec at the request of Bishop Demers. The convent on Humboldt Street dates from 1871, then built to relieve the overcrowded one on View Street, where the work was started.

Bishop Demers was responsible for the inauguration of the work of the Sisters of St. Ann, in Cowichan, the romantic story of the settlement there being one of the most attractive in the long record of the Catholic missions on Vancouver Island.

at the Theatre

ROYAL VICTORIA

For the last time to-night, Bill Hart, in "Blue Blazes Rawden" will be the attraction at the Royal Victoria Theatre. It is a story of the lumber camp, and one which gives the star an opportunity to do some of the finest acting that he has yet done on the screen, and he is able to convey his understanding of the part in a splendid manner to those on the other side of the silver sheet. It is a big, clean, wholesome drama, and is crammed full of exciting action, with the romantic love story of the big lumberman touching the hearts of the audience.

DOMINION

The new Paramount Artcraft picture, "His House in Order," in which Elsie Ferguson appears at the Dominion Theatre all week, was adapted from the play of the famous English playwright, Sir Arthur Wing Pinero. The screen version retains all of the dramatic flavor that made the play famous.

The play was first produced at the St. James Theatre, London, February 1, 1906, with Sir George Alexander in the role of Jesson. In September, of the same year, Charles Frohman produced it at the Empire Theatre, in New York, with John Drew and Margaret Illington in the leading roles. There it played nearly an entire year to capacity audiences.

"His House in Order" has for its theme the marital difficulties of Nina Graham (Elsie Ferguson) and Filmer Jesson. Filmer, believing that Nina cannot keep his house in order sends for a sister of his former wife to live with them. The sister-in-law makes all sorts of trouble for Nina, and relations between husband and wife become estranged. Nina finds letters of the first wife to her sweetheart which reveals the fact that Jesson is not the father of the boy. Filmer learns the truth of his second's wife worth and all ends happily.

Among the members of the cast is Vernon Steel, Holmes E. Herbert, who was Helmar with Elsie Ferguson in "The Doll's House;" Margaret Linden, Marie Burke and Lawrence Johnson. Hugh Ford was the director and Arthur Miller the cameraman. There are scenes of beautiful English homes, a Bal Masque and an automobile smashup that go to make the picture exceptionally interesting.

VARIETY

In "Sooner or Later," the current Owen Moore Selznick picture showing at the Variety Theatre to-day, local fans have their first opportunity of seeing one of the latest phases of movie progress—the art of camouflage, developed to such a high extent during the war and now adapted to motion picture studio uses. Joseph Teicher, the scenic artist at the Selznick studio, is chiefly responsible for the development. Without disturbing the dramatic continuity of the production, it was necessary to take Owen Moore and his company to a wide stretch of country, with lake and hills and winding paths, the whole flooded with moonlight. This was done with the aid of all the tools of the camouflage—paint, board, frames of steel and wire, and the scientific use of perspective. The result was so baffling that photographs of it deceived all who had not seen the studio scenes.

PRINCESS

As a rule domestic troubles causes very little comedy, but the plot of 'So Long Letty," the second week's offering of the Mildred Page Players, may well be termed an exception to the rule, as the family troubles of two married couples living next door to each other keep the audience in a continuous uproar, and if you have a tendency for real comedy, don't fail to see "So Long Letty;" you'll laugh every minute of the entire play. Miss Mildred Page as "Letty," scored a tremendous hit last night, in spite of the fact that her part was very heavy. Byron Aldenn as John Robbins, one of the husbands who plot to change wives, played his role very true to life and made the best of his role. Miss Nina Guilbert, as Alice Miller, the other wife in the case, handles a comedy role very capably, while Mr. Jack Phipps as the other trouble-making husband, manages to create plenty of trouble, not only for himself but for the other husband. Miss Genevieve Berkely as the newspaper reporter gives some good advice to married ladies on how to handle their husbands. The rest of the cast, including Tom Sullivan, Geo. Cleveland and Chas. Clapp, all appear to good advantage in minor roles.

PANTAGES

Headlining the bill at the Pantages this week is "Thunder Mountain," Langdon McCormack's latest and greatest scenic success. Mr. McCormack is the producer of "The Forest Fire" and "On the High Seas." "Thunder Mountain" has even more spectacular effects than either of these two. It is a virile drama of the great North West, the scenes of which are laid in the heart of the Canadian Rockies. The second feature attraction is "Broadway Echoes," a classy "Girl" act resembling in style a tabloid minstrel show. It is presented by a company of capable metropolitan players. Three other high-class turns and The Seventh Chapter of "The Adventures of Ruth," a serial which is making a conspicuous hit with the movie fans who attend Pantages vaudeville shows.

Princess—"So Long, Letty."
Pantages—Vaudeville.
Dominion — "His House in Order."
Variety—"Sooner or Later."
Columbia — "All - of - a-Sudden, Peggy."

SAW THE PROOF IN WIFE'S CASE

After She Gained 21 Pounds on Tanlac, Wedd Began Taking It Himself and Is Also Restored

"After the wonderful way Tanlac restored my wife's health and built her up so that she gained twenty-one pounds in weight, I started to take it myself for chronic stomach trouble and rheumatism, and I want to say that the results in my case have been equally remarkable," recently declared B. T. Wedd, well known employee of the Coughlan & Sons Steel Shipbuilding Co., and residing at 1290 13th Ave. East, Vancouver, B. C.

"Before I started taking Tanlac I not only had such a poor appetite that I didn't care whether I sat down to the table or not, but I actually dreaded to eat anything because of what I knew I should suffer afterwards. No matter what I ate it would sour on my stomach and form gas that bloated me up so that I had to loosen my vest, and my heart would palpitate badly. This indigestion would be so bad at times that I had to knock off work, and would be laid up at home for two and three days at a time. I was often badly constipated, and had dreadful headaches, and for hours at night I would roll and toss on the bed unable to sleep. To add to my misery I had rheumatism in the shoulders, so bad that some days I could hardly raise my hands to my head. I was losing weight right along, and was in a very weak condition when Tanlac came to my rescue.

"As I've said it was the way my wife picked up on Tanlac that led me to try it. When she started taking it she was a nervous wreck, and only weighed ninety-five pounds, but in a short time it made a new woman of her. That was all the evidence I needed to convince me that Tanlac must be an exceptional medicine, and so I started to take it, too. Well it wasn't long before I had an appetite like a wolf, and found that my food agreed with me perfectly. I never have a touch of indigestion now, and have already gained ten pounds in weight. The constipation has been relieved, headaches are a thing of the past, and I sleep so well at night that I get up in the mornings feeling like a young man of twenty. To-day, after taking four bottles of Tanlac, I haven't got an ache or a pain in my body, and I'm feeling like a new man. When the men down at the yards express surprise at my looking so well these days, I tell them that its due to Tanlac, and I never miss a chance to recommend such a splendid medicine."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road

Big Clearing Sale

All our Spring blouses either in voile, crepe de Chine, Georgette or Jap silk to be cleared at once.

We have orders from our head office in Montreal to clear out our Spring blouse stock; at the same time they have forwarded us such attractive prices that we should dispose of all of this stock in a few days. Not one of these blouses is an old style, but represents the balance of our Spring blouses, many of which have been in stock less than a month. We are offering stylish, fresh, beautiful blouses at ridiculously low prices. For $6.50 you can buy a smart Crepe de Chine blouse made in a firm, dependable material; $1.98 buys a stylish voile blouse.

Sale Commences To-morrow at 9 a.m.

Smart Voile Blouses at Only $1.98
Twelve styles to choose from, in sizes 34 to 48; all varieties of neck lines, plain or checked voile; pearl buttons only, fasten the fronts and cuffs; made exactly as good as any of our most expensive lines.
To-morrow, $1.98

New Stylish Crepe de Chine Blouses At Only $6.50
Made of a very fine crepe de Chine in all the popular styles; either long or short sleeves; either V or square necks. The colors are white, flesh, maize, coral, apricot, sand and black; sizes 34 to 48.
To-morrow Only $6.50

The Very Finest of Georgette and Crepe de Chine Blouses at Only $8.50 and $9.95
All the finest of this year's blouses; all the latest styles; all the popular colors; at unheard of prices; fine tucking, expensive laces, the finest of ocean pearl buttons adorn them; all sizes 34 to 48.
Values to $18.00
The shades are all suit shades and white, flesh and maize.
To-morrow, $8.50 and $9.95

Advertising Phone No. 1090

RATES FOR CLASSIFIED ADVERTISING

Situations Vacant, Situations Wanted, To Rent, Articles for Sale, Lost or Found, etc., 1c. per word per insertion. Contract rates on application.

No advertisement for less than 25c. No advertisement charged for less than one dollar.

In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar marks and all abbreviations count as one word.

Advertisers who so desire may have replies addressed to a box at The Times Office and forwarded to their private address. A charge of 10c. is made for this service.

Birth Notices, 50c. per insertion; Marriage, Death and Funeral Notices, $1.00 per insertion.

Births, Marriages and Deaths

BORN.

BARTON—To Mr. and Mrs. Oswald Barton, of 1739 Ross Street, on June 8, a son.

DIED.

MACDONALD—On June 8, 1920, at the residence of his daughter, Mrs. J. L. Grimison, of 516 Springfield Avenue, Alexander C. Macdonald, age 86, a native of Nova Scotia.
Due notice of funeral given later.
No flowers, by request.

SUTHERLAND—On the 8th inst., at Sooke, B. C., Henry Sutherland, aged 73 years 10 months 17 days, a native of Aberdeen, Scotland, and a resident of Sooke for the past 10 years.
Funeral service will be held from the family residence at Sooke on Wednesday at 2 o'clock. Interment at Sooke. Arrangements with the Thomson Funeral Home.

IN MEMORIAM.

MURDOCH—In loving memory of John Murker Murdoch, who departed this life June 9, 1919.
Gone, but not forgotten.

'Phone Your Classified Ads

For the convenience of classified advertisers The Times has inaugurated a new system in this department. In future, all transient classified advertisements will be absolutely on a cash-in-advance basis, but all those advertisers who cannot conveniently come to The Times office may phone in their ads, and The Times Want Ad Boy will immediately call for the money. This will avoid book-keeping charges, and at the same time place every advertiser within easy reach of The Times office.

GOOD COUNTRY STORE.

GENERAL COUNTRY STORE AND POST OFFICE in a well settled district within 14 miles of Victoria. Four acres of land all cleared and wire fenced, together with a 6-room house, warehouse, garage and another house of two rooms, barn, chicken house, new half-ton Ford delivery truck. All store fixtures are included and the stock at invoice prices, also 35 cords of wood. Good lighting and water system. One horse and three head of cattle. Monthly turnover four thousand dollars. This is a first-class proposition to buy a thoroughly established business with a nice piece of ground and nothing extra to buy. Owner compelled to sell owing to family sickness. Don't delay enquiring about this. Price for the whole thing only $11,500.

GOOD ACREAGE.

5½ ACRES, about 4½ miles from City Hall and close to sea. All excellent land and all under cultivation. Good road to the property. Very suitable for the growing of small fruits. Per acre $450. Good terms.

4½ ACRES, close to Royal Oak and handy to B. C. E. Railway station. Land is all good and partially cleared. Ideal for a berry farm or poultry ranch. Price only $1,200. Terms arranged to suit.

57 ACRES, within six miles of Victoria, on a good road. Greater part of this land is excellent and well watered by springs. About 6 or 7 acres are under cultivation and a great deal more can be put under cultivation. This property must be sold, and for quick sale we are instructed to take the low price of $8,500 for the whole. Quarter cash will handle it.

EXTRA SPECIAL.
ABOUT 4-ACRE BLOCKS.
BURNSIDE PARK.

WE HAVE a large number of blocks in this beautiful subdivision, averaging about four acres in size. They are very suitable for the growing of small fruits or poultry raising. Some of the blocks are quite well timbered and would meet the requirements of anyone wishing to go into the cordwood business on a small scale. None of the land is more than a quarter of a mile from the station. Prices range from $75 per acre. Exceedingly easy terms offered. A small cash payment and balance in monthly instalments. This is a worth while opportunity to get a little good acreage on very easy terms.

Homes Our Specialty

WE HAVE JUST HAD LISTED exclusively with us the following decided bargain in a 7-room house in the Oak Bay district. Nice entrance hall panelled, dining room panelled, living room with open fireplace and sliding doors, very large kitchen and pantry, both finished in white enamel, 3 bedrooms downstairs, 2 bedrooms upstairs, all finished in white enamel, very large clothes closets, large upstairs hall, separate bath and toilet, concrete foundation, good basement with laundry tubs, office and carpenter's shop. Beautiful lot 60x105, all in lawn and garden. This house is in splendid condition both inside and out, being built just before the war and every care has been taken of it. Price, on terms, $4,000.

The City Brokerage
A. T. ABBEY.
508 Union Bank Bldg. Phone 813.

30 ACRES, with waterfrontage, commanding a magnificent view, comprising 14 acres of good bearing orchard (new heavily set) and 2 acres in young orchard, balance divided between cultivated, pasturage and bush. The house which is modern and set in a fine garden consists of drawing room, dining room, den, 3 bedrooms, kitchen, pantry and bathroom. An abundance of water is supplied from a spring by gasoline pump. There is a large barn with accommodation for 8 head of stock, besides shack, chicken houses and other outbuildings. This is a valuable and attractive holding but must be sold, and to effect an immediate sale will be sacrificed at $18,000.

9 ACRES of good soil on never failing stream, of which 4 acres are cleared, together with a 5-roomed, modern bungalow, city water and electric light. This is a delightful home. Price $7,500.

16 ACRES—This 16 acres lying in a valley comprises the most productive soil obtainable. It is thoroughly drained and is mostly all in a high state of cultivation. Set on an eminence in a beautiful maple grove is an attractive home, comprising 8 large spacious rooms with beamed, panelled and built-in effects; besides two large sleeping porches, halls and large veranda. Water is supplied from a spring with a gasoline pump. Barn, stable, chicken house, orchard and an abundance of small fruit make this holding complete. Owner's health demands inactivity. Sacrifice price $14,000.

40 ACRES, cornering on a creek, of which 11 acres are cleared and tile underdrained, balance mostly slashed. There is a 5-roomed, modern bungalow, with bath, toilet, hot and cold water. Barn has accommodation for 10 head of stock, besides shed for implements, chicken houses for 700 birds, new modern dairy, incubator house, brooder house, tank and pump house, never failing supply of water, good garden with plenty of small fruits. The soil is mostly a deep sandy loam with some good bottom land (very productive). Owner's interests abroad demand attention. This is positively one of the cheapest holdings amongst our listings. Price $11,000.

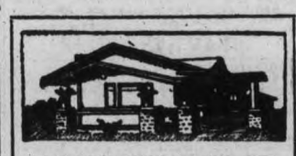
Real Estate, Financial and Insurance Agents.



4176—OAK BAY DISTRICT, near the car bend. This is on one of the select streets of this district. Lot is 45x130, lane at side. A beautiful grove of oaks secludes this almost new bungalow (California style) from the street. It consists of 5 large rooms and a smaller one. It has every built-in effect, full cement basement, good furnace; $4,500, terms. Never before on the market.

4186—OAK BAY, N. HAMPSHIRE ROAD—This rich, almost new bungalow has its 7 rooms all on one floor. Three large bedrooms, one of which has a specially installed porcelain washstand with hot and cold water, each is beautifully tinted and has large clothes closets. The kitchen, lounge and dining room are large and possess every built-in effect, including excellent panelling and beaming. The den is the one small room. Bath and toilet of the best materials. In the eight-foot full cement basement are the hot water heating plant, laundry tubs, spare room and garage. Lot is 50x200, in lawn and shrubbery at front, and in garden, fruit trees and berry at rear. Owner is sacrificing at $6,500. Terms.

4179—OAK BAY—A seaside home. This well-built, fine-appearing semi-bungalow of 7 rooms is only two minutes' walk to the beach, hotel and car. The parlor, dining room and kitchen are large and bright. These rooms and the den possess many built-in effects, including 3 fireplaces. Upstairs, 3 large bedrooms with clothes presses, separate bath and toilet. Full size basement, good furnace and stationary tubs. A 20-foot lane on the two sides of 65x120-foot lot affords a splendid view of the bay. Grounds are in lawn, shrubbery, concrete walks and garage. Price $5,500. Terms.

LAND REGISTRY ACT.

Section 150.

In the Matter of the East 50 Ft. of Lot 312, Victoria City.

TAKE NOTICE that an application has been made to me to cancel a Right to Purchase registered in your favor under Agreement dated the 12th day of June, A. D., 1912, from George Holford to yourself, as registered in the Register of Charges, Volume 23, Folio 329, No. 9998-G.

AND TAKE NOTICE that you are required to attend before me at the Land Registry Office, Victoria, B. C., at 11 a. m. on Wednesday, the 7th day of July, A. D. 1920, when I will hear all parties attending, and upon proof to my satisfaction of breach of covenants on your part contained in the said Agreement and re-entry and recovery of possession by the registered owner I shall cancel the registration of the said Agreement for purchase upon the register, and thereupon the Agreement and your Estate in the land described therein shall cease and determine, but without releasing you, the said purchaser, from your liability in respect of any covenant in such Agreement expressed or implied.

Dated at the Land Registry Office, Victoria, B. C., the 1st day of June, A.D. 1920.

FRANK J. STACPOOLE,
Registrar-General of Titles.

To Red Wing Lumber and Supply Company, Limited.

I direct service of this notice by publication for 30 days in a daily newspaper published in Victoria.

FRANK J. STACPOOLE,
Registrar-General.
No. 8989.

LAND ACT.

Notice of Intention to Apply to Lease Land.

In North Saanich Land District. Recording District of Victoria, B.C., and situate in North Saanich District.

Take notice that Genoa Bay Lumber Company, Limited, of Genoa Bay, Vancouver Island, B.C., intends to apply for permission to lease the following described lands:

Commencing at a post planted at the N.W. corner of 3 51-100 acres part of Sub-Division H, part of Section No. 11, R. I. W. N., Saanich, thence N. 39.25 W. 400.0 feet; thence N. 50.35 E. for 575.0 feet; thence S. 39.25 feet E. 755.0 feet; thence following shore line N.W. to point of commencement, and containing 4 68-100 acres, more or less.

GENOA BAY LUMBER CO., LTD.,
GEO. R. ELLIOTT, Manager,
Name of Applicant.
C. A. FROST, Agent.
Dated 3rd May, 1920. N. 8715

LAND REGISTRY ACT.

Section 24.

In the Matter of Part 78 of an Acre of Lot 80, Lake Hill Estate, VICTORIA DISTRICT, Map 180.

PROOF having been filed in my office of the loss of the Certificate of Title No. 17344-A to the above mentioned lands, in the name of The Victoria and Sidney Railway Company, and bearing date the 10th day of November, 1893, I hereby give notice of my intention at the expiration of one Calendar Month from the first publication hereof to issue to the said Company a fresh Certificate of Title in lieu of such lost Certificate.

Any person having any information with reference to such lost Certificate is requested to communicate with the undersigned.

Dated at the Land Registry Office, Victoria, B. C., this 27th day of May, 1920.

PREPARE FOR BIG AEROPLANE FLIGHT

New York-to-Alaska Machines to Cross British Columbia

Vancouver, June 9.—Final arrangements for the New York to Alaska aeroplane flight, which is to be undertaken during the first weeks of July, are rapidly being completed. The scheme, which was launched by the Aero Club of America and the Aerial League of America, has in view the blazing of an air route around the world.

Attending to the interests of the promoters in British Columbia, Captain C. H. Nicholson, of the G. T. P., has made careful plans for the stops to be made by the fliers in this Province and arrangements are being made to have supply stations established at the various landing points. It is understood that the Imperial Oil Company will have 1,800 gallons of gasoline at Hazelton for the benefit of the airmen.

As far as can be learned, the proposed route will be along the eastern side of the Rockies as far north as Edmonton, then across the mountains by way of the Yellowhead Pass to the western slopes and along the western side of the range to Alaska, with stops in British Columbia at Fort George and Hazelton.

GIFTS TO WOMEN WHO USE JIFFY-JELL

Jiffy-Jell users should write to the makers for a list of aluminum molds. Molds, spoons and measuring cups are supplied to users free.

Jiffy-Jell is the one dessert which has the fruit flavors in vials. A bottle of condensed fruit-juice essence comes in the package. So a Jiffy-Jell dessert is a real-fruit dainty. The flavor is not artificial. The sweetening is sugar, not saccarine. Women who once try it will always get it. Your grocer has ten flavors. Try pineapple and loganberry first.

$75,000 FIRE IN SEATTLE TO-DAY

Seattle, June 9.—Fire starting in an overheated kiln destroyed the Seattle box factory and lumber yard to-day, entailing a loss in excess of $75,000.

THREE KILLED.

Shawnee, O., June 9.—When a passenger train hit an automobile at a crossing here late yesterday afternoon, killing three persons, a baby was thrown from the machine directly on to the pilot of the engine. When the train was stopped the baby was taken from the pilot uninjured.

BLAMES TANNERS FOR SHOE PRICES

Half of What Purchaser Pays Absorbed in Profits, Expert Says

Washington, June 9. — Charges that more than one-half of the price the consumer pays for shoes is profit were made by W. J. Lauck, former Secretary of the War Labor Board, in a survey of alleged profiteering in the boot and shoe industry. Lauck has been retained as consulting economist for the railroad brotherhoods in their fight for increased wages.

The survey asserts the entire cost of manufacturing shoes for which the consumer paid $8.50 in 1917 was only $3.46, and presents a detailed analysis of the cost and profit in each operation from the unfinished hide down to the product in a merchant's window.

He ridicules the contention that wage increases are responsible for the price advances, and declares that of a representative $3.50 increase in prices during the war on a pair of shoes labor received only 15 cents, or less than one-twentieth of the advance.

Retail Margin Third of Price.

"The retailer's margin of profit," Lauck declared, "is by far the largest, absorbing over one-third the price, but it does not show so large an increase as the packers' and tanners' profits. As the larger tanneries are indirectly a part of the varied interests of the packers it can be said without danger of contradiction that their profiteering is very largely responsible for the high price of shoes.

"The retailer has increased his margin 102 per cent., or $1.82 per pair on the basis of shoes selling for $8.50."

Condemning the shoe trade for ascribing wage advances as the compelling cause for the price increases, Lauck said that in 1914 all the labor costs, from the hide to the finished shoe, absorbed less than ont-sixth of the price paid by the consumer, while in 1917 this share of labor had decreased one-ninth of the price. A wage increase of 35 per cent. after 1914, he asserted, was responsible for a direct increase of merely 15 cents in a pair of shoes.

Showing how the cost of a pair of men's shoes increased from $5 to $8.50, Lauck revaled that the cost of hide used in a pair of shoes jumped from $1.03 in 1914 to $1.44 in 1917, or 39.8 per cent.; the packer's margin from 8 cents to 46 cents, or 475 per cent.; tanning material from 20 cents to 22 cents, or 10 per cent.; labor in tanning from 9 cents to 12 cents, or 33 per cent.; factory expense from 8 cents to 11 cents, or 37.5 per cent.; administration expense from 2 cents to 4 cents, or 100 per cent.; tanners' profit from 19 cents to 33 cents, or 221 per cent.; shoe manufacturing material from 28 cents to 33 cents, or 17 per cent.; labor in shoe manufacturing from 71 cents to 33 cents, or 12 per cent.; overhead from 30 cents to 37 cents, or 23.3 per cent.; manufacturers' profit from 24 cents to 37 cents, or 54.2 per cent., and retail profit from $1.78 to $3.60, or 20.2 per cent.

"The shoe industry," he said, "is no exception to the general rule that the war made possible higher margins all along the line—that these profits have been absorbing a much larger proportion of the consumer's money than prior to the war, and that this fact has resulted in enormous corporation profits and in exorbitant prices."

Profiteering by Packers.

Citing an increase of 68 per cent. in the price of packers' hides as against 42 per cent. in "country" hides, and an advance from 12.9 to 25.7 per cent. on investment in the earnings of the tanners over the pre-war level, Mr. Laury severely scored the big packers.

"The large packing house interests have completely dominated the hide trade in this country, exacted exorbitant prices for their product, and have extended their influence to the packing industry in such large measure that they are practically in a position to dictate the price of leather," he said." The price of packer hides, during the war, advanced much more rapidly than country hides, although the prices of the cattle from which the hides were taken remained virtually the same, indicating an exorbitant price charged for packer hides.

"Wages in the tanning industry were advanced over pre-war rates, but total wage payments in the largest tannery in the United States were less than half the proportion they were of profits in 1912, 1913 and 1914."

HIGHER PRICES, LONGER SKIRTS TO PREVAIL IN FALL

Slender Design to Give Youthful Appearance to Be Style

Cleveland, June 9.—Higher prices and longer skirts and coats for women's fall and Winter ear, was the prediction made by the style committee of the National Cloak and Suit Manufacturers at its semi-annual convention.

"Prices will be much higher," said M. Printz, chairman of the style committee. "There is no possibility of a drop and skirts will be much longer than heretofore. Clothiers will strive for conservative models with a slender design tending to give a youthful appearance. Cost of labor and materials is so high that even the conservative models will be high."

Styles as shown by the association are characterized by simplicity of line, beauty of coloring and richness of fabric.

Soft llama cloth, duvet de laine, velours and the old standbys, serge and tricotine, are retained. Many new fabrics are shown, chamo and chamiostyn, which have a chamois-like finish; orlando, which has a diagonal weave, and vel de cyne.

Furs will be prominent as trimming—beaver, kolinsky, Hudson seal, squirrel and Australian opossum. As one manufacturer expressed, "It is the use of fur which will make the exclusive garment."

As to the colors, they are typical of the Autumn. Brown again will lead, among its tones being pheasant, falcon, ochre and cinnamon. The Egyptian tendency is represented by two blues, Cairo and Egypt. Zanzibar, a dark brown, will be popular, while green, copper and shades of deep red will be seen.

The suits show the long waisted or moyenage effect, while the narrow belt is still retained, although the fitted beltless model is featured.

Large collars of fur are used on many suits, while the high Medici collar is very smart. Fur, too, is used in bands around the bottom of the jacket and often forms the curve.

Collars are cape-like in their width, giving a decided slope to the shoulder, some reaching as low as the elbow. Embroideries, cording and piping are used also as trimming.

TOBACCO IN SWEDEN

The Swedish government tobacco monopoly shows a very satisfactory result for the year of 1919. Before the monopoly was established, the average annual income of the government from tobacco taxes amounted to but 6,000,000 kroner; in 1916, the first year of the monopoly, the income was 22,200,000 kroner, and in 1919 it was almost 60,000,000 kroner, according to commerce reports.

Unmanufactured tobacco and all supplies in 1919 showed great price increases, which were further enhanced by the unfavorable exchange rate on dollars and sterling. Labor costs showed an even larger increase. That the tobacco monopoly is able to produce ten times the former revenue for the state, in spite of increased costs, is due largely to the modern processes, as the number of factories has been reduced to twenty.

The consumption of tobacco in Sweden is more than twice as large as in 1916, the years 1918 and 1919 showing especially large gains. The heavy demand has taxed the manufacturing facilities of the monopoly to the limit, the production in 1919 showing an increase of 75,000,000 cigars and 437,000,000 cigarettes, as compared with 1918. There has been a growing demand for more expensive brands of cigars and cigarettes, and it was necessary to import large quantities of these from the United States and England.

When the additional manufacturing facilities that are now under construction are completed, it is expected that is will be in a position to supply all the tobacco products for Swedish consumption during 1920.

FINANCIAL NEWS

NEW YORK STOCKS CLOSE FIRM

(By Burdick Brothers, Ltd.)

New York, June 9.—The market closed on a slightly higher level here to-day. Oils and steels showed most strength and considerable buying was witnessed in these stocks. Throughout the morning session there was alternate periods of weakness and strength with final prices showing advances. Money rates were still high, closing at 8 per cent. This situation is a factor of importance and is watched very closely. The news from Chicago regarding the convention dettings are commanding quite a little attention and it is expected will attract an increasing amount of attention during the remainder of the current week.

INHERIT MILLIONS BUT STILL WORK ON

Carpenter's Wife and Sister Heirs to Estate Intact For Ninety-nine Years

Visions of a $4,444,444 slice of a $9,000,000 fortune had little apparent effect on the family routine in the home of Henry Harper, a carpenter, at Lancaster, Pa.

Harper's wife and her sister, Miss Jennie Nesbitt, who makes her home with the Harpers, are each due for one share in the $9,000,000 fortune, and the estate is to be divided into four parts.

The windfall comes to them through the strange will of an ancestor named Nesbitt. He is said to have bequeathed the estate to his family, with the proviso it should be held, with all accumulations, for one year less than a century.

Nesbitt was a property owner in Baltimore. His holdings, accumulating interest through ninety-nine years, are estimated at approximately $9,000,000.

The impending good fortune is not causing turmoil in the Harper home.

"What are you going to do with the money when you get it?" the members of the family were asked.

"Darned if we know," came the answer in a chorus.

"Ma" Harper was comfortable in a gingham apron and "Pa" Harper was enjoying a pipe. Miss Jennie Nesbitt, the sister, who is due for a $2,222,222 share, displayed more interest in the conversation.

"I guess we'll buy all our friends motor cars, first thing," she jokingly said.

The three live in the modest home of a workingman, and it was a workingman's family circle that was in the front room of the house.

"We heard about it about six weeks ago," was the first information volunteered. A sister living in Oxford noticed a newspaper advertisement asking for information concerning the whereabouts of the Nesbitt heirs. She notified the Harper family.

Communication by mail established the fact the sisters were the heirs.

They are patiently awaiting the time money will be turned over to their account.

"But you should have a lawyer to look after your interests," it was suggested.

"Well," "Ma" Harper answered, "We hadn't given that much thought, but I guess we'd better get a lawyer. I guess I'll get one to-morrow."

For the present, "Pa" Harper will continue to work as he has done for years. That much he made perfectly clear. For the future:—

"Well, we don't know what we'll do, darned if we do."—Philadelphia Evening Bulletin.

Why not a "Family" Trust Company?

Most people have a "family" doctor to whom they instinctively turn in case of illness. They probably have in mind a "family" solicitor to whom they would go if they should require legal advice. Why not have a "family" trust Company in mind for Trust and Investment business, and appoint it Executor of your Will? The Royal Trust Company transacts a general trust business and solicits appointment as Executor under Wills. 95

A patient angler was fishing from a jetty at a seaside resort, and two visitors were watching him. Most of the fish caught were flat fish, and the two watchers began to argue why the fish were brown on one side and white on the other. One suggested that the fish were originally all white, but that, sleeping on their backs in the mud, they had become so soiled that it wouldn't wash off. This was so ridiculed by the other man that, angrily, he bet any amount that his theory was correct. Upon the case being put to the angler, he remarked:—"You are entirely wrong. The real cause of one side being brown is that the fish have been swimming so long with their backs uppermost that they have got sunburnt!"

MANUFACTURERS TO ARRIVE TO-MORROW

List of Those Who Will Conclude Convention by Victoria Visit

Escorted by Secretary T. J. Goodlake and a large contingent of the local branch of the Canadian Manufacturers' Association, the visiting members of the Canadian Manufacturers' Association, now in convention at Vancouver, will arrive here to-morrow afternoon at 3 o'clock on the boat from Vancouver. Some 250, it is stated, are coming to Victoria, including representatives from widely divergent points.

The party will be received at the boat by J. O. Cameron and a capable reception committee, and escorted to the Empress Hotel, leaving there shortly afterwards for a drive to Mr. and Mrs. R. P. Buchart's gardens, Tod Inlet. Here tea will be served.

Returning later, the manufacturers will make their own arrangements for dinner, but most of them will be taken in charge by the Victoria members for private dinners at home.

At 8.30, in the Royal Victoria Theatre the party is to be entertained with a concert by the Arion Club and Madame Fahey. The entertainment will be unique in its completeness and attractive selection of delightful numbers. Following close on the heels of the concert will be a display of Government industrial films, which are peculiarly fitting to the occasion and of more than usual interest.

Friday morning the party will be driven around the industrial sites of Victoria and district, with particular emphasis to the industrial site of the Songhees Reserve and the drydock at Esquimalt. A luncheon under the auspices of the Rotary Club will be given at the Caledonia Hall on View Street, which will be the finale to the Victoria visit, as the manufacturers leave again on the afternoon boat for Vancouver on Friday afternoon.

The assembly is of more than ordinary interest to this district, as the manufacturers represent some of the most astute business men in the Dominion and the opportunity is good to display the industrial possibilities of ictoria to the full.

Accompanying is a definite acceptance list for the Victoria journey:

President, T. P. Howard.

Mr. and Mrs. James Acton, Mrs. B. L. Anderson, C. M. Armstrong, George Argus.
